Redefining Tradition

The 1994-95 academic year, including summer, was colored with various developments on the Calendar Change. To the satisfaction of many on campus, the Calendar Task Force committee attempted to create a new calendar that would maintain all the aspects of the K-plan while encouraging an atmosphere of greater continuity and cohesion on campus.

While some worried that "K" was abandoning its tradition and others embraced the idea of a more traditional calendar without summer classes, the ten-week quarters flew by and dragged at the same time, just like any other year at "K".

Scenes of the Quad are part of a traditional "K" experience. At left, a view of Hicks Center on Homecoming weekend. Above, Bill Erzen, Peter Mauer, and Mike Dellinger walk back to Harmon after dinner Fall Quarter. Top, Sara Reschly goes home to the French House on a fall afternoon.

Activities add spice to life

In addition to the time students spend studying and sleeping, they also enjoy activities others plan for them. SAC plans major dances and social events on campus while the chapel arranges LACCs and organizations plan activities. The fine arts departments offer many opportunities for entertainment and appreciation as do students within those departments. Many other Kalamazoo community and campus community happenings also influence the "K" experience.

SUMMER

Sweating it out

Summer Quarter at "K" has the reputation of being relaxed and fun but some find concentration harder than they imagined. This summer, many students got involved in the continuing debate about the Calendar Change as well as the proposal for the Umoja House. A segment of campus for African-Americans to live as a community, the Umoja House sparked reactions of enthusiasm and disapproval in varying degrees. Students voiced their opinions about both issues as they prepared for their senior year and foreign study.

Scenes of Summer

During Summer Quarter, loads were often just as heavy as other quarters while activities seemed lighter. Despite smaller numbers of students on campus, some organizations planned interesting events. The Environmental Affairs Committee, planted a tree on the Quad. The Women's Equity Coalition (WEC) sponsored Women's Speak Week, a week of presentations, movies, and activities that focused on women and issues of equality.

In addition to organizational activities, juniors about to leave on foreign study were treated to two hours of ori-

entation every Wednesday — can anyone say culture shock? In the evenings, the European Film Series helped students get used to hearing foreign languages. In addition, African Studies showed a film almost every Thursday. The main events of the quarter, however, were still Mudwrestling, Bahama Boogie, and Quadstock, even though it was held inside.

Also pictured on these pages are games between the seniors and the juniors and one of the ever-popular TGIFs held for seniors 21 and over.

Gettin' Down and Dirty

Here at Kalamazoo College, we don't the Rose Bowl to look forward to nor do we have collegiate ice hockey championships. What we have here is better: the annual summer Mud Wrestling contest. Hot weather intensified participation at the Mud Wrestling event in which wrestlers battle it out for three minutes in a mud-filled ring, often in tag team formations. Roommates, suite

mates and friends take out their frustrations in good humor through various mud-wrestling moves, which include everything from the basic trip to the all out mud-in-your-face-body-slam!

After lots of laughs and long showers, many wrestlers joined the rest of the student body by the Nataorium at the Bahama Boogie, an enormously popular summer dance at which various

contests are held. In addition to a limbo contest, hula hoopers also competed for the prize which champion Jennifer Petty won that evening. Though everyone tried for the grand prize of the raffle contest: a trip for two to the Bahamas. And the winner is... Jennifer Christiansen! Both events enjoyed great success this past summer.

Kulture

Kultural events packed this past summer's social calendar, with many of its offerings hosted by students. Darrell Jones and Chris Hall started drumming informally together, practicing enough to perform at Africa Night. However, when a speaker cancelled at his LACC talk one summer evening, Darrell and Chris joined up with Ben Voigts, Pape Diop and Yemi for a night of Senegesele drumming. This lively group played various numbers, representing traditional music from Sierra Leone, Senegal and Nigeria. Tenor Vishal Bansal also hosted an event, a musical recital at which he sung and played Renaissance music on a classical guitar. Bansal performed selections from J.S. Bach, William Butterworth and Ralph Von Williams, to name a few.

iels, this played enjoyed great success, as actors and actresses from "K" College and the Kalamazoo community told the story of the high school members of a Jimmy Dean Fan Club, who reunite twenty years after graduation to tell their stories. The leads from "K" included Kristy Lang ("Mona"), Jeff Patterson ("Joe") and Kassia Barney ("Sissy").

Singing in the Rain

The rains came down hard on the Triathlon and Quadstock this year. Unfortunately, the Triathlon had to be cancelled, but it was rescheduled for the following weekend. The race was hard but Leigh Harrington took the prize for the Women's Individual event with a time of 1:26:03, while Jeremy Kemeny captured the Men's In-

dividual title in 1:04:51. Cary Olson, Inesa Anderson and Stephanie Gorman triumphed with a time of 1:15:24. Brian Miller, Bill Nichols, and Jeff Pierce prevailed with a winning time of 1:01:49.

Happy Quadstockers didn't let the weather get in the way of tie-dying, slip-n-sliding on the Quad, and dancing in Old Wells. Twelve bands played at this

year's Quadstock, with Heckle-n-Jive headlining followed by various groups such as Sarah Mason and the Art Institute, This is She and Delta Faucet. Despite the bad weather, a good time was had by all!

TGIFs at Last!

We've waited since Freshman year for it and this summer it finally happened—we celebrated our first official Senior TGIF! Thirsty Seniors gathered together at both Student Commission and the Annual Fund sponsored TGIFs, which they held during the summer and throughout the year.

These events have always been popular with students, especially when well known professors suddenly transform into bartenders and pour amber liquid into empty cups. Also sponsored was a water balloon war on the quad, in which the Seniors triumphed over the Juniors, leaving the class of '96 all wet.

FALL

Falling into Place

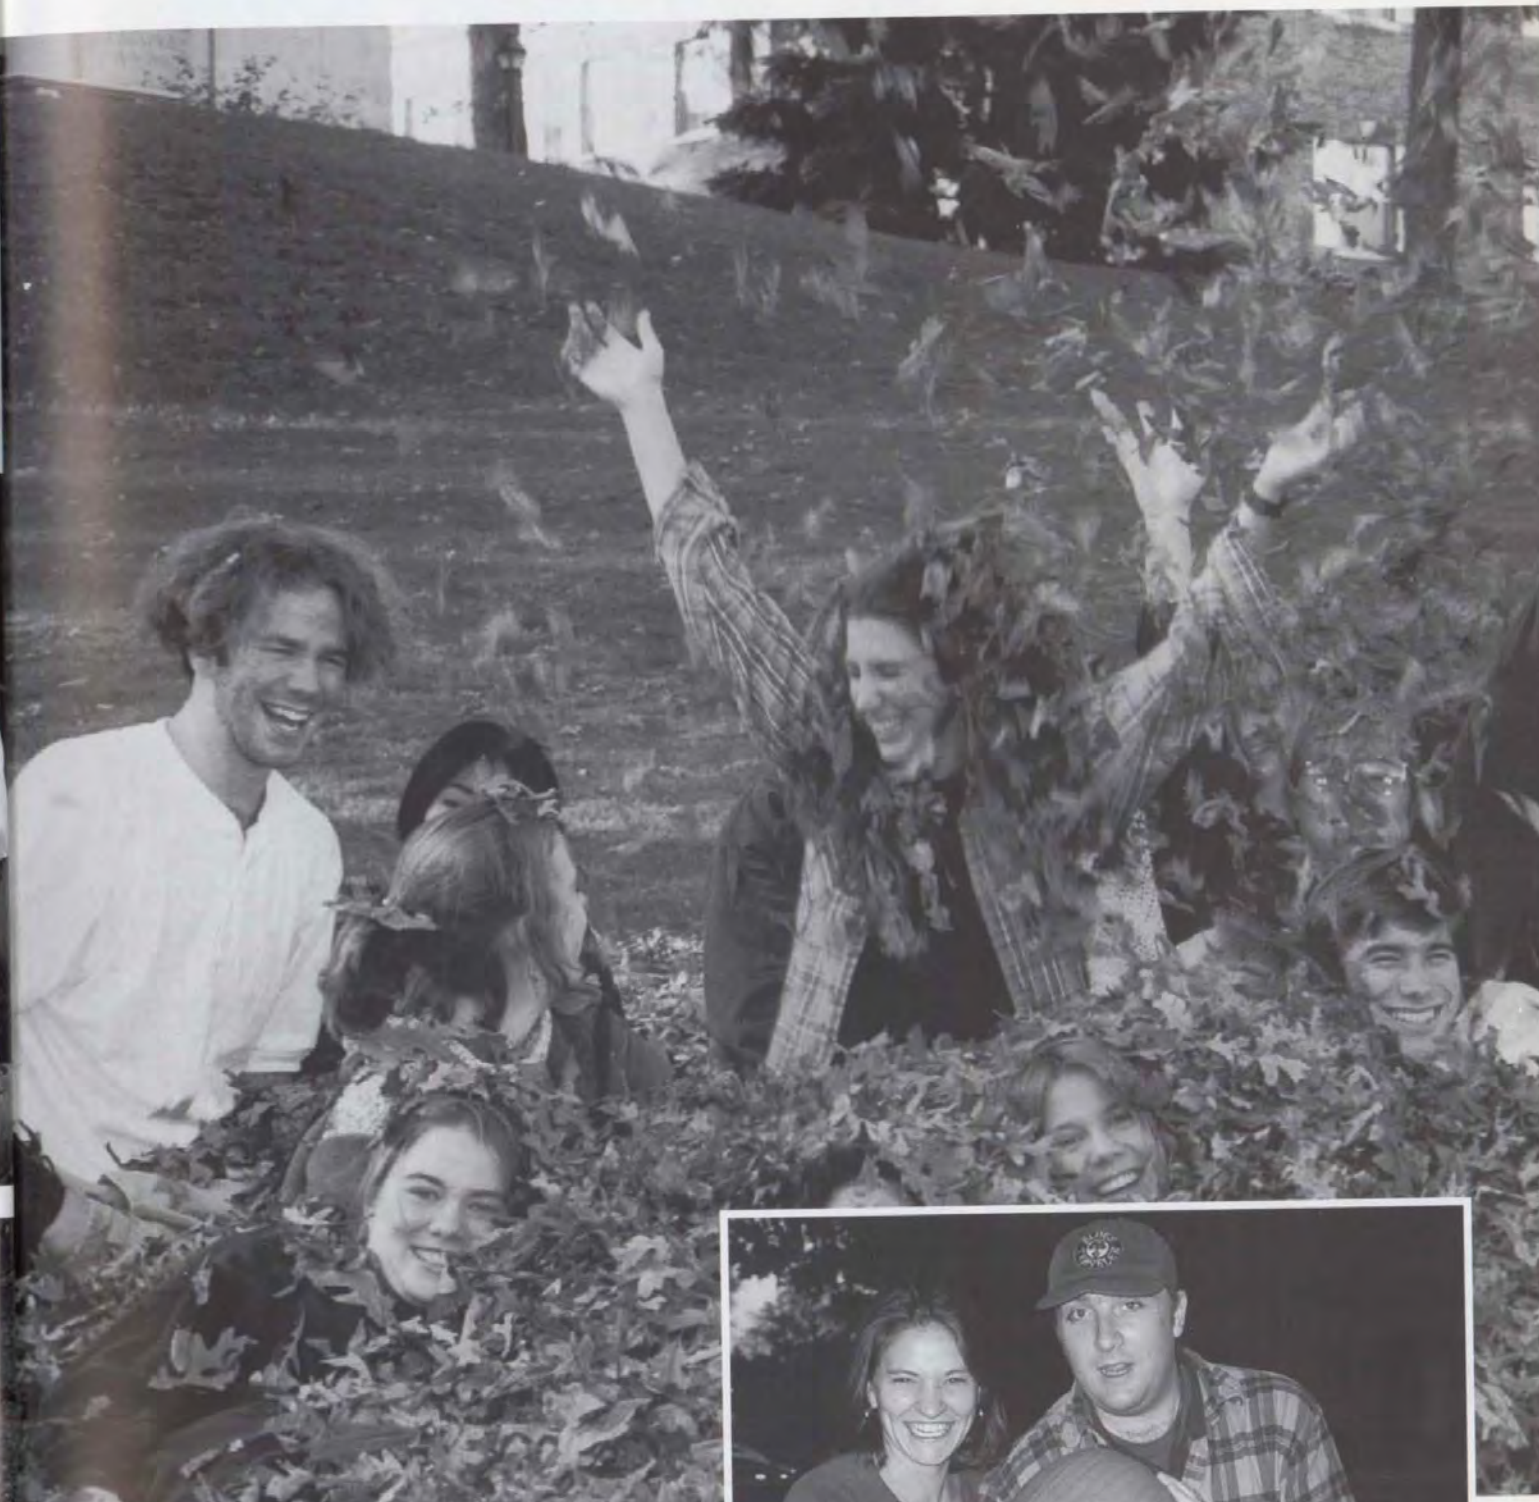

Amid the usual flurry of students returning to campus and first-year students getting adjusted to life at "K", Fall 1994 was marked by discourse about the Calendar Change. The change was passed by the faculty, and the task force held countless forums for open discussion. Future tradition was yet to be defined.

Fall continued to be a time of energy and activity as the weather stayed warm into November, and LACCs, concerts, and movies were as abundant as the leaves and the squirrels on the Quad.

Barrie Short, Rachel Agolia, Jessica Patterson, Tracey Dodd warmly embrace the idea of eating Marriot on an autumn evening.

Into the Woods, Onto the Water

In 1994 the Land/Sea program expanded from previous years to include 48 participants and 14 leaders. Participants were divided into three groups: B, C, and D that each included three patrols of five participants and one leader. Leaders are typically "K" students that have been on the program as participants. In addition to the director of the program, Tom Breznau of the Stryker Center, Jackie Srodes from the CD Center joined the program this year and Rob Townsend of Recycling returned to do logistics for the second year.

Land/Sea is a rigorous, challenging outdoor program pattered after Outward Bound. Participants, students about to enter their first year at Kalamazoo College, spend eleven days in Killarney Provincial Park in northern Ontario hiking, canoeing, rock climbing, rappelling and spending at least 24 hours alone doing a "solo." Five days are spent on a brigantine called *The Playfair* which students learn to sail around the Georgian Bay and/or Lake Huron.

This year, most groups hiked the Silver Peak trail section which is characterized by steep sections of white quartz. They also canoed through crystal blue waters like David Lake and had to portage the canoes between lakes. Some found the carrying of an 85-

pound canoe while wearing a heavy backpack and hiking rough terrain one of the more challenging aspects of Land/Sea. While Leaders Week was rather rainy and chilly, the rest of the program saw phenomenal weather. The one major thunderstorm caught group D in the middle of solo, group C on the Georgian Bay, and group B canoeing. Participants learned to cope with stressful situations and to work cooperatively with many different kinds of people while being immersed in nature.

Scenes of Fall

Once again the fall season was recognized as the weather slowly began to cool down and the leaves began to change color and float to the ground. To help bring in this year's fall season, Project Brave sponsored Oktoberfest, which was a grand pumpkin carving event designed to raise money for Kalamazoo's Gospel Mission. While having an awesome time creating the perfect pumpkin, "K" students helped Project Brave raise \$150 for the mission. That money will help support the disadvantaged children and the homeless in the Kalamazoo area.

Another big event that helped bring in the fall season was the Trash Bash, which was held to help raise awareness about the problems of trash and waste. This year the Trash Bash was organized by the Recycling Crew which is headed by Rob Townsend. Some of the activities included pumpkin-carving, tie-dying, big-bubble blowing, and, of course, numerous pumpkin seed fights. There were also caramel apples and apple cider for those who participated. In the end there were personalized pumpkins, colorful shirts, and full stomachs for all involved.

Many alums showed up HomeKoming weekend to see old friends and watch our football team suffer a disappointing loss to Alma. Despite the fact that we did not win the homecoming game (28-14, Alma), everyone still had fun cheering on those who played their best against those Scots.

Saturday night, October 22, both

alumni and students either donned a costume or dressed in their Sunday best and shook their boo-tays at the Radisson in downtown Kalamazoo. For students, the tickets were only two dollars and a free shuttle was provided by the school so all could easily get to and from the hotel. At the dance, sponsored by SAC, most everyone cut a rug or two to

some great songs! Although the punch ran out, everyone was full of spirit; the question is: school spirit or a spirit of another sort? (wink, wink!) All in all, it was a joy-filled weekend that will not be easily forgotten in the future (except by those who couldn't remember their names that night!).

Karen Kolmodin, Jon Johnson, Amy Baldwin, Anna Krysa and Robert Dykehouse turned their frowns upside-down at the dance.

Africa Week 1995

"The purpose of the Black Student Organization is to 'provide a more integrated atmosphere that will stimulate awareness in the African American culture, identity, and ideologies.' In keeping with this purpose we plan and participate in activities to this end. When Umaru Bah, Boubacar Cisse, and Aissatou Baraka-Love Diajate came up with the idea of Africa Week (summer 1993), they created a jewel. As African Americans, we need to recognize our connections with Africa and learn to appreciate them. Just as importantly, others need to recognize the same. Africa Week is a valuable addition to the

cultural enrichment and educational pursuits at Kalamazoo College."

— Orma C. Bradford K'95

Africa Week kicked off on Monday, November, 14, 1994, with the Umoja House opening. Members of the Black Student Organization performed skits, recited African Poetry and served various African dishes. On Tuesday, there was an African singing performance and a guest lecturer in the Olmstead Room. Guests were invited to attend the African films **God's Gift** and **Generations Apart** in the Recital Hall Wednesday evening. The Pashami

Dance Troupe entertained onlookers in Old Welles on Thursday. Africa Week 1995 closed on November 18, 1994, with the West African Dance Performance by members of the Black Student Organization.

What do you do at home?

The answer to that question would vary greatly depending on where you live. You could give a generic answer and say, "I study, relax, and sleep in my room." However if you live in Trobridge or DeWaters you could say, "I helped put on a Haunted House/Halloween Party for the professors' children. It was a lot of fun and a great success!" If you lived in Severn you might mention that there was a small Halloween Party with pumpkin carving and candy on Halloween night. Those that live in Harmon could talk about the group of people from CARES (Community AIDS Resource and Ed-

ucation Service) that came to talk to a group of people about AIDS. A lot goes on in the halls where we live.

Some students choose to live in one of the three Language Houses. These students also have lots to say about what goes on in the places they live. Those that live in the German Haus can talk about the Kaffeeklatch, which is an event that gives students a chance to experience German food and drink as well as some good conversation. The French Maison occasionally has a crepe party, giving students an opportunity to taste a small bit of French cuisine. The Spanish Casa seems to be known for its

fiestas that are open to the public. These are said to be lots of fun. Obviously, no matter where you live, there is always something to do wherever you are.

Winter

For many, winter is a time to stay indoors bundled up in warm blankets with a good book. But for these crazy 'K' students, it was a time to enjoy the crisp weather and play in the snow. Playing tackle football, traying, and having snowball fights were just a few of the winter study breaks that students took to get away from their heavy workloads.

Cultural Awareness Troupe '95

Members of the Black Students Organization devoted many long hours for their winter production of "The Cat is Back." Their dedication was well-spent as evidenced by the large, enthusiastic turnout.

Another exciting "kultural" event on campus was the lecture delivered by renowned Civil Rights activist Kwame Ture. On Valentine's Day, Ture visited Kalamazoo College and mesmerized a standing-room only crowd for over two hours. His powerful speech challenged many students to question their capitalist beliefs.

Keeping Busy

Student Organizations

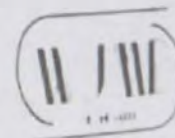

Most students at "K" spent time working with at least one organization a quarter. However, the hectic pace of the quarter system made juggling homework, work, and organizational commitments difficult.

Musical ensembles allowed students the opportunity to explore their creative sides, while support groups and political action organizations were gatherings for discussion and motivation for action. Groups like Student Commission and Habitat for Humanity provided opportunities to get involved in activities on campus and projects in the greater Kalamazoo community.

Groups promote awareness

Three of the many student organizations on campus were the Women's Resource Center (WRC), the Women's Equity Coalition (WEC) and the Gay, Lesbian and Bisexual Support Group (GLBSG).

Previously located at the Diebold House on Lovell Street since its beginnings in the spring of 1992, the WRC moved into the former Japanese house in the spring of 1995. The WRC seeks to provide a safe place for women and a place for men and women to communicate. It has a library whose books are on line at the college library and has many other sources of information about women's health issues and other topics.

WEC is a political organization that strives to promote equality for women.

In the spring, the group painted the banner that represented the college at the annual Take Back the Night march in downtown Kalamazoo. For summer, they planned a women's speak week and an anthology of women's writing.

GLBSG served as a support group for members and also reached out to the campus community to promote awareness of the existence of homosexuality and the fact that homophobia exists on campus. Pride Week in the spring featured chalk writings, movies, a discussion lead by P-Flag (Parents of Lesbians and Gays) and free buttons supporting tolerance of homosexuality.

In the fall, all three groups co-sponsored the Ani DiFranco concert on National Coming Out Day. Elizabeth Stands organized the event.

You Work It, Honey!!!

Many "K" students work on campus in order to help with tuition or just for fun (yeah right!) Some popular places of employment are the Union Desk, the Bookstore, the Mail Hut, and various offices, just to name a few. "K" Crew is a group of students that volunteer their time to host prospective students, give tours and just plain help out with the whole admissions process. Not only is it a way to earn a little bit of cash, it is also a way to meet new friends and get to know the "K" Community better.

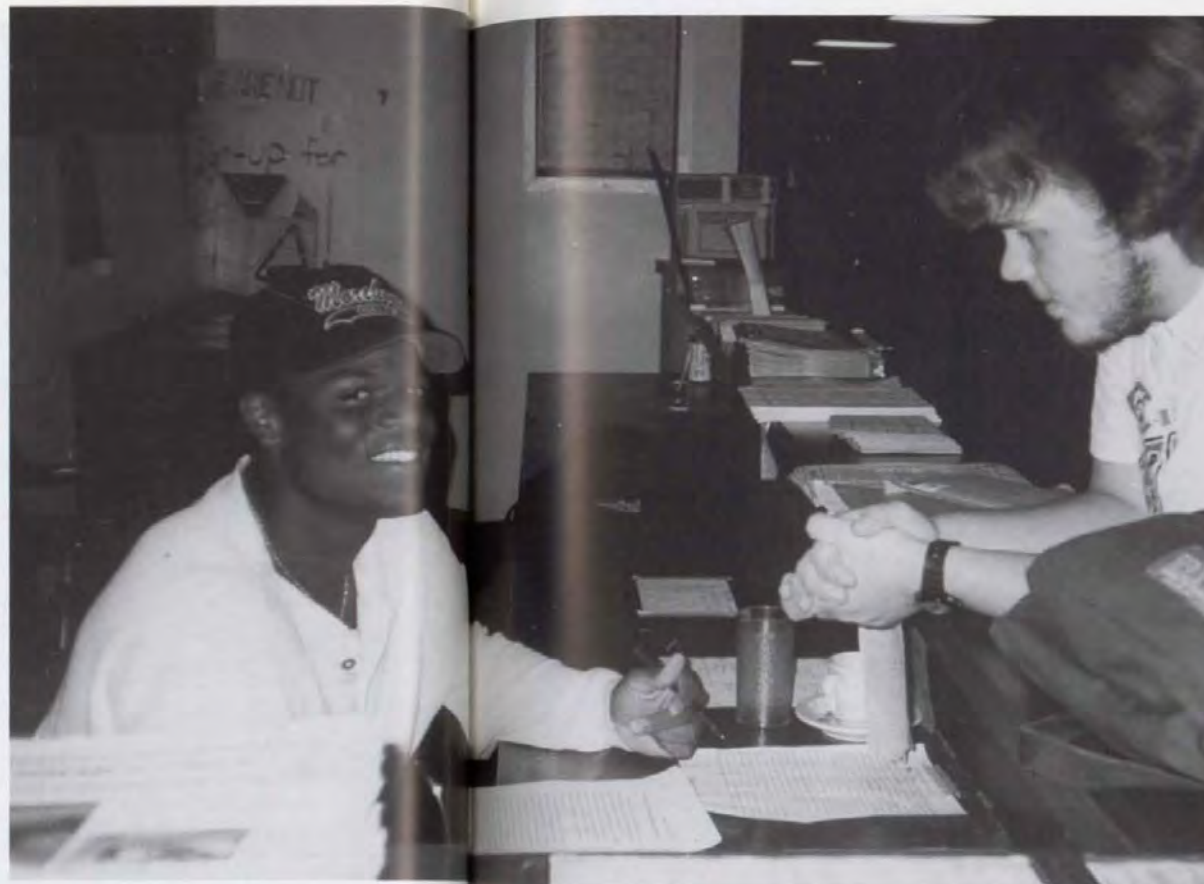

Another volunteer effort was the

Lynn Jackson Annual Fund Phonathon, during which students called "K" alumni and begged for money (Let's hope they had some to give or else we're all at the wrong place!). Others utilized the phones in a different manner: telecounseling. These students called prospective students, answered their questions, and put together packets of information to be sent to them depending on their areas of interest. All in all, these industrious worker bees help events move quickly and easily throughout this world of ours, known as "K."

The Athletes of Kalamazoo
College

While many students choose to get involved in the College's student-run organizations, some spend hours every day practicing outside on the softball or football fields or in Anderson Athletic Center. If you take a ride over to the Kalamazoo Country Club in the Fall, you can be sure to find the men's and women's golf teams. The men's and women's cross country teams can be found running through the streets and nature trails of Kalamazoo any time of the year. Whether they are in soccer, football, golf, swimming, basketball, volleyball, softball, baseball, tennis, or cross country, the various athletes who represent Kalamazoo College are people full of talent and **dedication**.

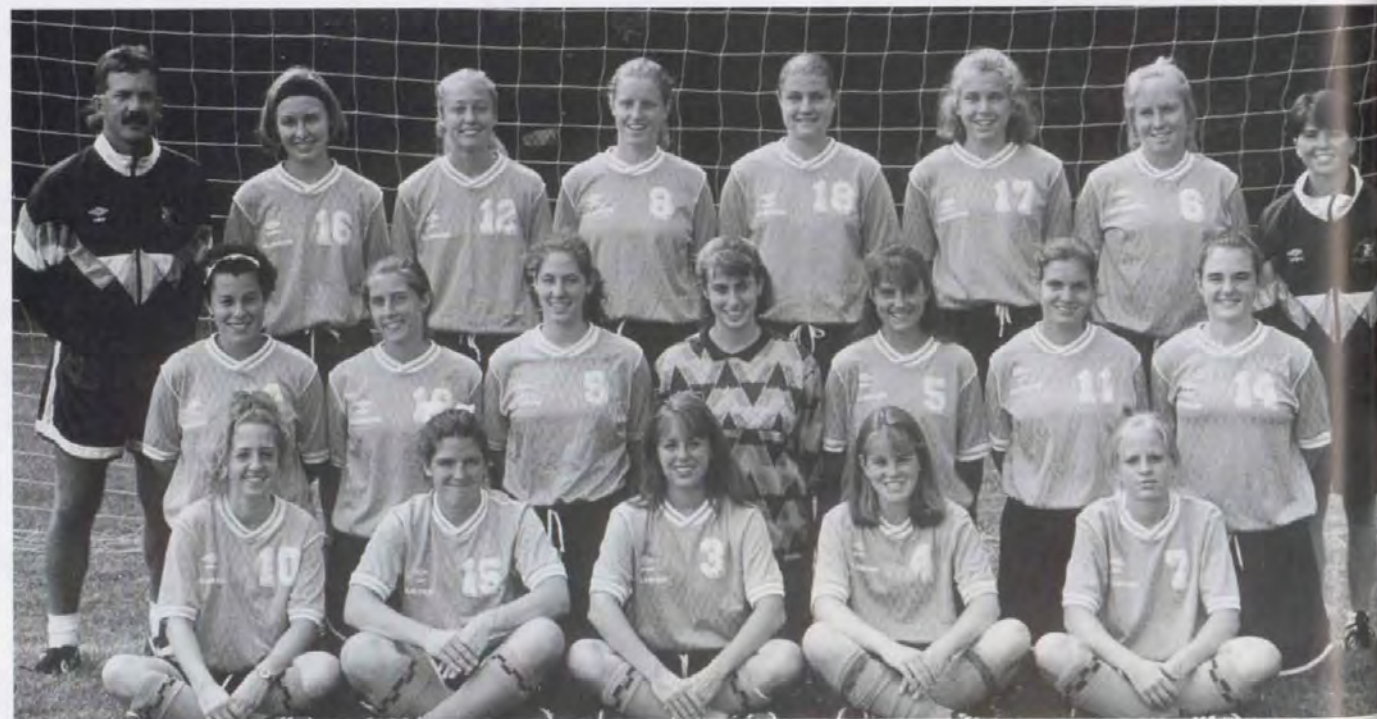

Women's Soccer

The Kalamazoo college Women's Soccer Team finished their 14th season as a varsity team with a 15-5-0 record and their 6th consecutive Michigan Intercollegiate Athletic Association Championship. The Hornets have amassed an amazing 156 wins to only 50 losses and 15 ties. The quest for an undisputed 6th straight MIAA Championship started with commanding wins over Hope (3-0) and Adrian (6-0). "K" then defeated Wooster College (2-0), which was ranked 18th in the final national poll. The win over Wooster boosted "K" up the national poll from 13th to 18th in the country. The Hornets second loss of the season to Calvin dropped them out of the polls but they were able to bounce back with a win over the Alma Scots 3-1.

Men's Soccer!

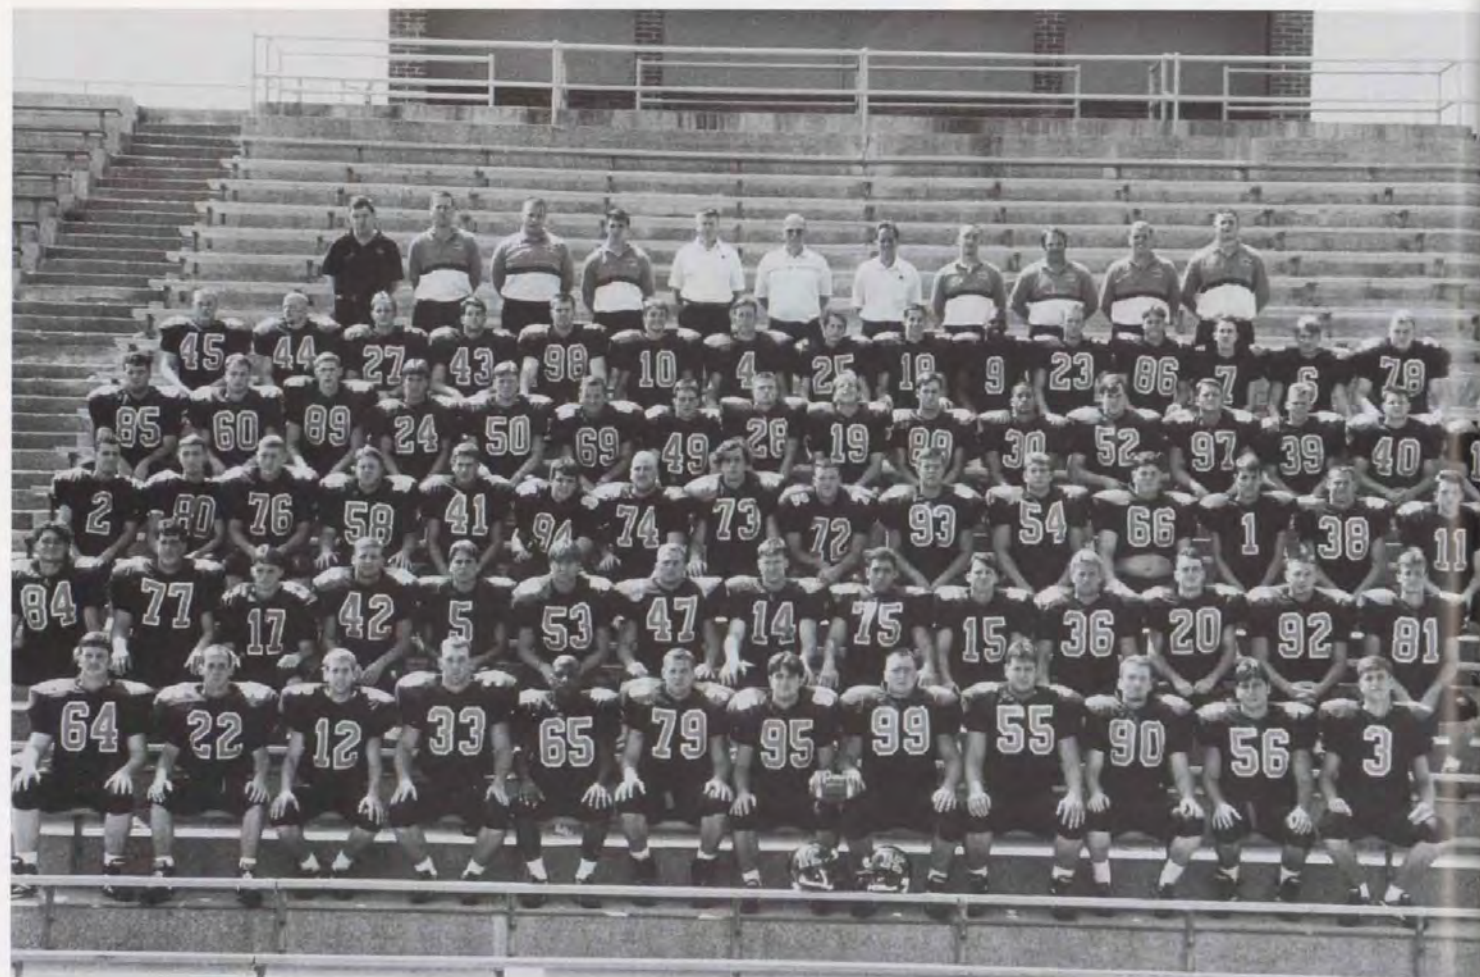

The Men's Soccer team had a very successful season this year. They finished with a record of 11-3-2, 10-2 in the MIAA which placed them second in the conference. The Hornets ranked fifth on the Great Lakes Region (MI, OH, IN) and barely missed being invited to the NCAA national play-offs, as the first four teams in each region participate.

There were a number of players selected to the All-MIAA Men's Soccer teams this year. First team selections include Jon Lively, Tom Anagnost (fourth year All MIAA), Mike Arends, and Robin Wells. Tom Anagnost was voted MVP of this team. Dana Orsucci, Rene Adrain, and Tim Streeter made the second team this year. Three players were given All-MIAA Honorable Mention; they are Blake Lancaster, Pete Knight, and Pete Poniatowski. In addition to being selected to the first team MIAA, Tom Anagnost, Robin Wells and Mike Arends were selected as 1994 Players of the week.

The Hornets are hoping for another exciting season next year and striving for first place in the league.

Dana Orsucci moves down the field.

Hornet Football '94

This year the Hornet football team had a good year. They finished the season with a 4-5 record. Coach Warnick summed up the season by saying, "It was a season that came with high expectations. We were somewhat disappointed with the results of the games but there was a good effort put forth by the players." Warnick called this season part of a learning process and is very optimistic for the coming year.

While the team as a whole didn't do as well as they anticipated, there were members of the team who were recognized for their ability and work this year. Scott Boos, Chad Zollman and Tom Siwajek were selected to the first

team MIAA and Bob Holloway, Doug Dammann, Greg McDonald, Seth Simpson, and Scott French were selected to the second team MIAA. While the All-American teams have not yet been released (as of 12/94) there were three players who were selected as pre-season All-Americans, they are Dave Sherwood, Tom Siwajek and Scott Boos. In addition to being selected to the first team MIAA and pre-season All-American, Scott Boos was voted MVP this year.

Number 42 looks hopefully out onto the field, watching his teammates roll around in their grassy playpen.

Hornet Women's Volleyball 1994

This year the women's volleyball team did exceptionally well. The team was not only MIAA Champions this year, they were also invited to the NCAA Division III Tournament. These women held a 29-8 winning record overall and were 11-1 in the MIAA.

So what made this year's volleyball team so special? Coach Hess said that it was because this group of girls were a team in the truest sense of the word. She said that each girl accepted a given role and played that role well. That's what makes a team really work.

While each of these women were part of the team, some of them have their own individual accomplishments. Mary Siwajek made the second All-American team as well as the first team All-Region and the first team MIAA. She was voted both team MVP and MIAA MVP. Anita Grinbergs and Cara Marker were selected to the first team All-Region and first team MIAA as well. Jenn West made the second team MIAA and was given the coaches award for this season. Maria Parling was chosen as the player most improved.

The team poses for one last picture during the Volleyball Banquet.

Men's Golf

Like the women's golf team, the men ended their season 6th in the MIAA standings, but with a total of 2,938 strokes. Team members (in alphabetical order) Brian Blattert, Jeremy Cole, Ketan Desai, Prashant Desai, Jon Eenigenburg, and Jason Gross were coached by Joe Haklin who is also the head coach of the men's basketball team. In seven out of their eight MIAA Jamborees, senior Prashant Desai led the team, while his younger cousin Ketan led in the final Jamboree. Prashant completed his season with an average of 77 strokes and did his best at the Jamboree hosted by Calvin College at the Forest Hills Country Club, with just 72 strokes.

Women's Golf

(Back row) Demrie Wilkinson, Michelle Michael, Coach Lyn Maurer, Andrea Panigay, Yasha Morehouse, Lesley Dopp, (front row) Stephanie Smith and Lisa Baker smile big after a fun season in golf this Fall. During their short season from only September to October, the women golfers participated in seven MIAA Hanbirees. Although they ended up 6th in the final MIAA standings with a total of 3,994 strokes, they shined their brightest when they hosted a Jamboree at the Kalamazoo Country Club on October 3rd with only 553 strokes.

Back Row: Coach Gathje, Keegan Keefover, Joanna Gates, Dona Bailey, Deb Hasfurth, Christine Perry, Molly Mechtenberg, Amber VanderKlok, Karen Reed, Teresa Dennany, Coach Dimmer.

"As institutional members of NCAA Division III, Kalamazoo College student athletes receive no athletic scholarships, no monetary prerequisites, and no under-the-table cash awards from overly zealous alumni. Our athletes compete for the right reasons . . . to enjoy the competition, to glean from such competition lessons in discipline, personal sacrifice and leadership, and to represent "K" with spirit and pride. And we are justly proud of them."

Koming to an End

Senior year brings a flurry of academic events including SIPs, comprehensive exams, final distributional credits and last LACCs. After being split in half over fall and winter quarters while completing their senior projects, the class of 1995 came together in spring, some with more things to finish than others.

While counting days to graduation, seniors scrambled to find jobs for the following year, waited to hear from graduate schools, and prepared to go to foreign lands on fellowships or with the Peace Corps. Spring brought more rain and cool weather than usual, but Pig Roast and TGIFs finally arrived. Time flew and dragged during the last weeks of senior spring quarter.

Keeping the Torch Lit

When we look back upon this previous year, we remember many people who have been engraved in our thoughts and memories. Memories filled with countless hours of studying, socializing, and stressing out. For those not graduating, Spring is a time to continue forming new friendships and looking forward to the challenges that lie ahead. After a year of being constantly on the go, many students anticipate the chance to get away from campus and relax with friends and family.

For the seniors, June is a time to move on to new careers and new lives away from dorms and cafeteria food. Each of us has unique experiences of our own that happened both on and off K's campus. Now we leave to find the ultimate experience: LIFE.

A view of "K" from outside the boundaries of our little campus.

Sculpture overlooking Kalamazoo from the patio between Balch Theater and Dow Science Center.

As the sun sets on our days at “K,” some experiences stand out in our minds, silhouetted against the blur of four years of study. Career developments, foreign study experiences, and senior projects have all opened our eyes to new and different perspectives. One thing that remains constant in our lives is change. As seniors leave, the school itself is on the dawn of its own change and it will grow as we have.

Colophon

The 1994-95 *Boiling Pot* was printed using Seville type. Spot Color was Sunrise Red No. 33. Rule lines were 3 and 6 point. The book contained 152 pages and 250 copies were printed.

About the Cover . . .

The cover was made of black leather with a mission grain, embossing, and orange foil. The column on the cover has an ionic top which is seen on the columns on the outside of buildings at Kalamazoo College. The fluting of the column and its base are more characteristic of the later Corinthian style found inside Stetson Chapel. The progression of older to newer follows that of the endsheets; the front depicts the traditional Stetson Chapel, and the back shows a view of Dow Science Center (completed in 1992) from W. Michigan Ave. The restructuring of the Academic Calendar while maintaining aspects of the K-plan mirrors this progression.
