Kalamazoo College
1200 Academy Street
Kalamazoo, Michigan
From the establishment of the college in 1833 to its present state, much has changed. The campus was moved from Westnedge to Academy, buildings have been torn down, and new ones built. But the experience of students has remained the same. From parties to Homecoming, moving in and graduation, Bowen Hall to the Dow Science building, memories from the past are what influence our present and shapes the atmosphere for our future.

In order to more fully appreciate our present lives, we must also appreciate the lives of those who came before us. The 'K' experience is not only about learning, but understanding, as well.
Many philosophers believe that memory is the key in understanding ourselves. Without memory, we cannot know who we once were or who we have the potential of becoming. What are yearbooks, but picture-bound tools for remembering? At Kalamazoo College, we are bred for success, for making the most of the talents we have.

Knowing our Selves

Unearthing the roots is about discovering our natural ways of being. But, it is only with reflection on experiences that we can truly know ourselves. Once, we create the path for ourselves, we will be on the way to realizing our goals and living our dreams. Unearthing the roots is about discovering our natural ways of being.
For more than 150 years, people have been gathering at Kalamazoo College for an amazing learning experience. Many generations have gathered on the quadrangle in the rain, sun, or snow to hear the words of the President, talk with friends about the latest homework assignments, or simply relax and enjoy time away from school books. College is about learning, discovering, making connections. It has been this way for generations. College is a place for us to find our niche in life. Remembering the foundations of our families and communities can help us when the time comes to anchor our own roots.
Land and Sea, as always, started out this year’s freshmen with an unforgettable experience. These students learned the basics of the outdoors while camping, hiking, canoeing, rock climbing, rappelling, sailing, and having a solo experience in Killarney Provincial Park in the Canadian Wilderness. Not only were the freshman thrown into new territory and new experiences, but they had to do it with complete strangers! Nevertheless, most everyone who participates in the land and sea adventure claims it to be one of the most rewarding experiences of their lives. It’s a time for personal growth and reflection, as well as for meeting new friends and starting out a new part of life—the college years.

Days spent canoeing can be long and tiring, but two patrols traveling together stop for a group photo after they’ve landed.

Learning to Steer the STV Pathfinder can be tough, even in the best of weather, as Claire Chirot learns here, with the help of a sailing crew member.

Jimmy Jones looks forward to joining the incoming freshmen on land and sea every year. Here, he talks to one patrol while joining them for a meal.

Senior Justin Fifield led one patrol this year. Here, they take a picture at the beginning of the trip, before heading out on their first leg—the hiking part of their trip.

Audrey Lawrence enjoyed playing tarzan as she swings on a rope off of the sailing ship.

Cooking Outdoors can be an interesting experience. Given only a few vegetables, some noodles and a little seasoning, Caycee Klepper is doing her best to make a tasty meal.

Sailing in the Lakes can be rough sometimes. Even in nasty weather, the ropes and the sails must be tended, and someone has to climb way up there to do it.

Land and Sea
lives and security

Instantly Shattered

September 11

Unfortunately, our generation now has its own "Where were you when..." story. Our parents talk of where they were the day John F. Kennedy was shot. Our grandparents remember what they were doing when they heard Pearl Harbor had been bombed. In this "new" time of peace and globalized friendships and alliances, we were naive, thinking we would never have our own "Where were you when..." story to tell.

On September 11, 2001, our security was ripped away by four successful groups of terrorist airline hijackers. In the rubble and smoke following the roaring flames, at least 5,500 people were killed, and many others injured or affected in some way.

Never has our nation known devastation such as this, and never have we been so determined to unite as a country and unearth our "American" roots.

Following the attacks, many donated money to charities, returned to their families for support and reassurance. The attacks on the World Trade Center and the Pentagon may have wounded our hearts, but they could not break our spirits.

Timeline

8:45 a.m. Hijacked passenger jet, American Airlines flight 11 crashes into the WTC north tower.

9:03 a.m. Hijacked passenger jet United Airlines flight 175 crashes into the south tower.

9:45 a.m. FAA halts all flight operations nationwide for the first time in United States history.

9:43 a.m. Hijacked American Airlines flight 77 crashes into the Pentagon, Washington D.C.

10:06 a.m. The WTC south tower collapses, followed by the north tower at 10:28.

10:10 a.m. United Airlines flight 93 crashes in Pennsylvania. Part of the Pentagen collapses.

12:21 p.m. A state of emergency is declared by Washington D.C. Most buildings are evacuated.

5:20 p.m. Building 7 of the WTC complex collapses after being set ablaze by the towers.

Kalamazoo College played the first collegiate athletic event in the United States after September 11. For at least one week, all major leagues, as well as concerts and awards shows were closed in memory of the victims. Most major radio and television stations discontinued broadcasting in order to provide continual news coverage and updates.

In addition, many memorial and radiothon events were held, instead, to raise money for the families of the victims.

Carol Flanigan, K'05

"I did initially think it was terrorism because I thought it was unlikely that an experienced pilot could hit a tall building."

Stephanie Vibbert, K'03

"A week later they found a pipe bomb in the station two blocks from my apartment. It made me really how quickly things can change, how short life can be, and how lucky I have been."

James Goodwin, K'03

"I really didn't understand America. We have no problem asking the 'whats' and the 'how's' in this country, but no one ever stops to ask the 'whys.' Why would anyone hate America so much, they would attack us?"

David Dwyer, K'02

"I worried about my family and friends, and I wanted to be with them. I suddenly became very aware of the potential for further disaster, and yet I couldn't help but focus on the damage that had already been done."

Carrie Shuman, K'02

"I had just gotten out of bed and had wandered into the living room where my roommate was watching the footage of the first tower. Then we watched another plane hit the other tower. It makes you feel more vulnerable."
This year's homecoming was an overwhelming success for the K hornets. Angell Field was packed with students and alumni who cheered the team on to victory against Olivet. Alumni were happy to come back to K and see a win, the first Homecoming win since 1995. Students were proud to see their classmates dominating the field. In particular, sophomore Dwight White delivered, scoring five touchdowns for the Hornets. Sophomore Bryan Gnyp threw for 260 yards and three touchdowns.

In the end, the Hornets defeated Olivet, 56-19, making a great showing and adding another winning game to their great season record.
Eating a donut that is hanging from a string is harder than it looks. Here, one volunteer struggles to get a bite out of donut.

Senior J'Nai Leafers is front and center as the K cheerleaders pump up the crowd and cheer the Hornet on to victory at the Homecoming game.

On your marks, get set... Go! These students get ready to race each other in donut eating at the fall festival. They look clean now, but this turned into a donutty mess before it was over!

Hanging out on bales of hay and carving pumpkins was one way for these freshman to enjoy fall fest. Looks like they got a little messy making those jack-o-lanterns!

The Homecoming Dance gave seniors Tammy Matthews, Stephanie Bonze, Kristina Shafer, Jon Weber, Carrie Shuman and Stacey Lamont an excuse to dress up and go dancing.

Fall Fest is a real treat

This year, the student activities commission (SAC) planned a fall festival to kick off homecoming weekend. On Friday afternoon, students came out to the quad to enjoy apple cider, donuts, apples and other treats. They also had fun fall events. Eating donuts off of a string, carving pumpkins, and painting gourds were some of the ways students came out to have a good time and relax with friends. The same night, K had the official kickoff for its 2002 endowment campaign, to raise the school’s endowment. Seniors had dinner with alumni and members of the community to talk about their experiences at K.

On homecoming day, many students came out for the game, and students also came out for the homecoming dance that night. SAC once again delivered, with food, decorations, and music well into the night.
First-year student
Stacie Renessnyder stops on the quad for a quick picture.

Roommates
Tammy Matthews, Stephanie Bonne and Kristina Shafer enjoy the pleasant weather and falling leaves.

Seniors take advantage of the Stucomm bus to Hope to cheer on the Hornets at the K-Hope football game.

Relaxing
in leaves and snow

Bundling up and
Keeping Warm
in the winter snow

Couple Stacey Lamont and Casey Molenar hurry inside and out of the snow flurries.

Seniors Nisse Olsen, Anne Anderson, Mary Wassel, Beth Parker, Kari Cain, Alyssa Knickerbocker, and Rose Furst reunite nine months after being in Chile together (far left).

James Goodwin hangs out in the Harmon stairwell to take a break from the books and the cold (left).

Sharing a hug is how David Poytinger and Michelle Busuito stay warm during the long winter (bottom left).

Sledding on the quad was a very popular pastime during the winter months of 1942 (below).
Monte Carlo Night was a success

Junior John Ogger has changed out of school attire for the occasion. Monte Carlo is one of the only formal events of the school year.

Jeff Mapes and Kelly Karakashian show off their winnings. At Monte Carlo, students can have fun dancing and trying their luck gambling.

Monte Carlo night is just one of the many ways in which Kalamazoo students relax has changed over the years. While Monte Carlo has become a "K" tradition, it is certainly a different kind of social gathering than the party in Trowbridge in 1906.

After much discussion and debate about cancelling school dances, the students triumphed and Monte Carlo proceeded as planned. Students dressed up and mock-gambled at tables with faculty and staff dealers. Lighted signs from different famous casinos hung on the walls of Old Welles. Students won prizes, and many could be seen running their loot back to their rooms before coming back to enjoy the dance.

For the first time, SAC and Student Commission jointly organized the dance. As agreed upon by the "Dance Task Force," students from Student Commission were asked to police the dance for underage drinkers. Luckily, the dance was without incident and a complete success for everyone involved.

Freshmen experience Monte Carlo for the first time, winning some and losing some.

Professor Jason Atkins, from the computer science department (K'99) gets a feel for being on the dealer's side of the table.
students show

**Lip-Synching talent**

**Air Band Performances, 2002**

"Property of Kalamazoo College" - Aaron McLeran and Justin Peterit

"Fat Ugly Forty Sippas" - Vincent Hames-Frazier, Mike Vassas and Bo Borgerson

"Ruth" - Drew Brockington and Paul Lewakowski

"American Custom" - Ali Beauvais, Jeremy Cook, Jordan Kairys and Karen Nave

"I Wish I Was John Mayer" - Brian Weitzel

"Big Ape Banana Drop and the Cliff Hanger Connection" - Kristian Bjornard, Ross Bower, Tony Pagorek and Joe Shields

The Air Band and Talent Show competition, put on by SAC, meant a fun evening for those performing and attending. Six acts performed, and first, second and third prizes given out. In first place was Brian Weitzel, second was Kristian Bjornard, Ross Bower, Tony Pagorek and Joe Shields, and third was Drew Brockington and Paul Lewakowski.

**American Custom band members** sing "Steal My Kisses" by Ben Harper. Band members are Ali Beauvais, Jeremy Cook, Jordan Kairys and Karen Nave (top middle).

**The Four Ugly Forty Sippas** sing their song, "Chrisey Love." The band members are Vincent Hames-Frazier, Mike Vassas and Bo Borgerson.

The Drama Club was started in 1920, and in 1924, they put on "Little Women." They did not have a theater, but were given use of the Stockbridge barn for performances.

The Big Ape Banana Drop and the Cliff Hanger Connection sing "California." Band members are Kristian Bjornard, Ross Bower, Tony Pagorek and Joe Shields.

The band Ruth sings "Southern Special." The band members are Drew Brockington and Paul Lewakowski.
Rain brings spring fling indoors

Spring Fling is an annual event put on by the Student Activities Committee. Although most students look forward to Spring Fling as the first day to get out their shorts and get a sunburn, this year that was not exactly what happened. It was rainy and cold that day, so inflatable games and food were moved indoors. Students played shoeless through Old Welles instead of on the quad. The events were no less fun, however, for those who participated. The inflatable obstacle course, velcro wall, boxing, and bungee basketball games kept students entertained. Ice cream, cotton candy, and airbrush tattoo artists filled the Hicks Center Lobby. Following the games, rock band “19 Wheels” played in Old Welles. A Kalamazoo College group opened.

The Faces of the Stones look on from their portraits as Junior Brian Heyel jumps onto a velcro wall in the Stone Room (above right). Using a velcro suit, he can jump against the wall and “stick” in an position in hand.

Freshman Ryan Wheeler enjoys spring fling for the first time (right). Here, he is playing an inflatable tug-of-war basketball game in Old Welles.

In 1948, May Fete was the precursor to today’s Spring Fling. Left, the May Fete queen, who was chosen in a vote by the student body poses for a picture.

Juniors Chris Hupp and Brian Heyel enjoy Liquid Nitrogen Ice Cream, provided by ACS, in the Hicks Lobby (below).

19 Wheels, a popular rock band with a growing fan club performed a concert in Old Welles. Here, the lead singer, Chris Johnston, gets the crowd moving (below left).

One popular choice for students was to get an airbrush tattoo design.
a day off to live graciously and relax

The Day of Gracious Living was also the Woodward co-authorship day. Above right, John Evans watches as children play on an obstacle course on the quad.

Noah Goldsmith throws around a frisbee at the beach in South Haven (far right).

Bo Borgerson (right) could not afford a whole day off school, so he brought his books to the beach.

A day in the sand was in the cards for seniors Tammy Matthews, Stacey Lamont and Kristina Shafer (far right).

Joe Tracz walks along the water on a sunny (but cold!) Day of Gracious Living (left).

fun in the spring flowers and sun

Taking a break from hard work, the Building Blocks group relaxes on a porch in a Kalamazoo neighborhood (above left).

Barbecues are popular in the spring! Far left, Gabe Phillips-Kress barbecues for the psychology department.

Getting dizzy on the Orbitron was popular at this year’s spring fling (left).

James Goodwin takes a break to play a few notes outside in the sunshine (far left).

Casey Molenaar celebrated his birthday with a balloon tied to him! (left)
J.A.B Stone and his wife Lucinda, the charter solidified the college's role as a progressive coeducational institution. Tuition in 1859 was five dollars for a ten week term, and one dollar and fifty cents for room and board. Although the college was growing, it was about to enter its "darkest thirty years." Political change and argument about the religious charter for the school caused many students and faculty to leave, including the Stones. The year the Stones left, the entire senior class withdrew in protest. Funding was low, and the survival of the college was in jeopardy. However, by the late 1800s Kalamazoo College regained its status as a thriving institution. Lower Hall, a classroom building, Upper Hall, the men's dormitory, and Wheaton Lodge, the ladies residence were added to the campus during this time period. A time of change for the college began in 1911. Bowen Hall (the student center) was built, and the well-liked Dr. Stetson was the college president. The college curriculum changed drastically, and the gymnasium and men's hall became known as the men's dormitory. In 1916, the building burned, and was rebuilt as Williams Hall.
army barracks, and a makeshift mess hall was built on the campus near Bowen Hall. Mary “Minnie” Mandelle, friend of the college, was recognized twice during World War One by the Serbian government for her relief aid. Kalamazoo College also benefited from her generosity, receiving $350,000 to build Mandelle library, and receiving one-third of her estate after her death.

The years after the first World War through the 1950s were a period of growth and prosperity for the college. Enrollment more than doubled, the college endowment grew, and spirits were high. New buildings were built, carving the campus we see today out of the arcadian hill. The college did revolutionize the liberal arts education with the installation of the quarter system and ‘K’ plan in the early sixties. K college grew to have a reputation as one of the finest liberal arts college around, being called the “Harvard of the Midwest.” A strong tradition of foreign study was built, and the college continued to prosper as it does today.

One cannot address the development of the college without mention of the city of Kalamazoo. Of course, the dominating Western Michigan University was not always the focus of the town. It was actually founded as Western Michigan Normal School, developed into Western Michigan Teacher’s college, and then named Western Michigan University. Its enrollment did not surpass that of K College until the early 1900s, and it has grown ever since.

The city of Kalamazoo, of course, thrived during the Industrial Revolution with paper mills and other industry. The main Detroit-Chicago railroad ran through the town, connecting Kalamazoo to the industrial lifeline in the Midwest, as it does today. Fantastic Victorian neighborhoods were built, including the Stuart neighborhood where many students now rent these Victorian homes. While many of these buildings have been destroyed, some rich historical sites, such as the Henderson Castle and even the Academy Street brick still survive. The current Supercuts was once a drive-through hamburger stand, Gilmore’s was the place to shop downtown, and many other places contributed to college students’ experiences the way Boogie’s and Jimmy John’s are a part of our experience today.
The learning experience is what Kalamazoo College is all about. Its history of being the first college in Michigan gives its students a long tradition of academics to live up to. Lifelong learning occurs in many ways. From study abroad to each SIP, lessons are learned and lasting friendships are made. By graduation, students are ready to conquer the world, and have many friends to support them. The best lessons, however, we learn from our friends, family, and elders. Through hearing their stories, we can learn from their mistakes and follow their wisdom. At 'K' we learn more than just textbook material, but important life lessons.
Visiting tea at “The Rocks” cafe in Sydney, Katie Harms, Kylie Craig, and Erin Abraham enjoy their time in Australia.

Katie Harms, Kylie Craig, and Erin Abraham stand in the refreshing mist at a waterfall in the Blue Mountains of Australia.

A Thai girl named Um sits on Janna King’s lap for a smile and a quick picture in a village in Thailand.

Traveling to Venice, Italy was one highlight of Whitney Goode’s and Johann Hindert’s foreign study experience.

Kerry Engers studied at Kalamazoo’s program in Aberdeen, Scotland. She visited the Eilean Donan Castle in Scotland.

“arad the World as our campus” was the motto of the K plan when it first arrived. Here, a student in 1967 sees her world through this doorway in Aix-en-Provence, France.

Foreign Study has been a large part of the K life for many years, and many students use the experience for personal reflection and growth.
One popular foreign study destination for the many K college Spanish speakers is Caceres, Spain. Here, the 2001-2002 Caceres group poses on a historic square on a rainy afternoon.

A grandfather in a Thai village smiles for K students on a visit to his tribe (above right).

The sun shines over the Temple of Apollo at Delphi, a healing place in Greece that many K students visit (right).

Foreign Study

his former faculty house has served as a living-learning unit for many different groups. This year, the community service learning group was housed here, a group dedicated to promoting service learning opportunities on campus.

The Wellness house, in this Academy street house behind the library, is the non-drinking, non-smoking house on campus. Students here promote wellness and physical fitness, and are well-known for their root beer keg parties.

Theme Houses
Wellness, Art and Language
Some students who choose off-campus life live in nearby apartment buildings. Here, Ted Fox and Jessica Mueller pose outside their apartment.

Leaving the freedom of a house to hang out at being free of RAs, and no campus food are something that Ali Shearer and Rob Mickey are excited about.

Commutes Kristina Shafer, Stephanie Bonne, Tommy Matthews and Carrie Simmons in front of their senior year apartment.

Commuting is a relatively new phenomenon at K. Only since 1998 have a large number of students been allowed to live off campus. Today, most seniors choose to live in houses or apartments rather than on campus. The Stuart, Woodward, Douglas, and Davis neighborhoods are most popular among the seniors.

Seniors must learn to cook when moving off campus. Here, senior Nalin Anthony tries not to burn his dinner. Off-campus students budget time for cooking and pack lunches to bring to school.

The Women's Resource Center is another of K's living learning units. Located in the basement of the Trowbridge Hall, the center provides a safe house, free condoms, and other services to women students.

Commuters today drive slightly more high-tech cars than students in 1942.

WRC/Commutes
Athletics have always been an important part of being an American. They have also been important to being a Kalamazoo Hornet. Whether it was the baseball team winning the MIAA championship in 1897 or the 2001 soccer team having an amazing season, Hornets have always been up for the challenge and competition. In the business of campus life and academics, students need the time to unwind. Sports provides an outlet for competitive energy and muscle stretching after sitting in the classroom or library. Following in the footsteps of the past athletes, Hornets have continued to raise the standard.
Junior running back Dwight Wright (48) tries to score as Albion players tackle the opposing Hornets.

Senior Jason Charnley (24) is tackled by an Albion player.

In 1955, the Hornets fumbled in the second quarter against their long-standing rival Albion College.

Senior wide receiver Jason Charnley catches a pass from another Hornet.

Tim Prater, junior defender, prepares to punt the ball at the beginning of the second half.

Brad Zielaskowski, senior linebacker, is tackled by Albion players.

The foundations of the baseball team, the first Kalamazoo college team, are not entirely known. However, we do know that by 1880, a campus baseball team existed. The May issue of the *Index* from this year claims baseball as the favorite campus pastime. Some records also exist about baseball games against Albion in 1882. As a solid foundation of the sport, the team first competed in the MIAA in 1897.

Football was first introduced with a small college team in 1892. At that time, the team had Michigan State, University of Michigan, Notre Dame and Indiana as their opponents. Football was at first a controversial sport at the college because it was not an activity for its refined young men. However, its popularity increased, and it was condoned at an 1896 women’s meeting.

The long history of tennis at the college began in the 1890s with the formation of the first tennis team. It was coed, and began an outstanding record with its first MIAA championship in 1903. The tennis team went from good to the best, however, with the arrival of K alum Dr. Allen Stowe in 1922. Dr. Stowe, for whom Stowe Tennis Stadium is named, strengthened the team, beating out former consistent champs, Olivet College.

In the 1920s, the regional Women’s Athlet­ics Association was formed. The WAA held intramural tournaments with other schools. It was not until the 1960s that women began to enter MIAA competition, and with that the women’s ath­letic association was dissolved. The 1940s saw the beginnings of both golf and intramurals at the college. As sports became a more integral part of American life, it become essential to life at K. Intercollegiate athletics received more money, and competi­tion became more fierce. The college also saw a rise in student sport-related activities, and the formation of bowling, table tennis, archery and other intramural clubs. Physical fitness and athletic ability became important to the college mindset, and the sports continued to develop into the tradition they are today.
An undeniable part of the college experience is what the students do in their precious spare time. One of the foundations of the liberal arts is a wide variety of student interest areas and activities. Students today have many of the same interests as the students of the past. Theater, music, writing, and politics are themes that run through many of the activities at K. Through these activities, students relax, socialize and explore their interests within the college and in throughout the world. The following pages show students use student organizations as an outlet for expression of their personal passions and individual talents. Passions shared with students of yesterday.
Another crazy day in the yearbook room. Cindy begins talking to the computer, Jon just forgets how to talk, and Stephanie anxiously awaits answers from Pam, the yearbook lady.

Some staffers take a break from Tuesday-night bewilderment (above). Rob Hinman (above left) gets his copy edit on; Rob Bono (middle left) expounds on the alien nature of mitochondria; Brittany Edwards (bottom left) touches up an article; and Megan Ender and Michelle Busuio (below) attend a journalism conference at K.

Student Organizations

76
The "Passage" is a literary magazine containing student writing and photography related to foreign study. It is published each year by the senior class and contains work from their class’ foreign experience.

The "Cauldron," like the "Passage," is a student publication of student work. The "Cauldron Literary Magazine" contains poetry and writing from students in all classes.

The Society for Creative Anachronisms, also known as SCA, is a group that practices and puts on reenactments from the Medieval period. This includes fencing and dancing. Shown here is the SCA Mayday event, which involved dancing and a Maypole on the quadrangle.
Student Commission is an important aspect of Kalamazoo College. This elected group of campus representatives functions as the student government and the voice of the student body. Student Commission budgets for campus organizations, reviews bylaws for student activities, and makes important campus decisions. In addition to their normal activities, student commission took on two new tasks this year. Together with the Student Activities Committee, they planned the Monte Carlo dance. Under the guidance of Stucomm president-elect junior James Goodwin, Student Commission also started the Campus Climate group. This group, which met several times throughout the year, strove to understand important issues within the student body and foster increased communication between groups on campus. This proved to be a busy year for the group, but it was definitely also fun and productive.
RAISE

awareness, encourage equality

The Progressive Organization for Womyns, POW is a group dedicated to women's politics and issues on campus. This group sponsors Take Back the Night, a march for women to remember survivors of domestic violence.

Stephanie Schrift and Michelle Williams yell out chants at the Take Back the Night march (below).

The Asian Student Organization is perhaps best known for its tasty dinners and for the Asian Invasion, a popular dance.

Esha Krishnaswamy serves dinner to guest at the ASA dinner.

Asia Fest, 2002
Foreign Study was the college's main priority for introducing students to other countries and cultures. Today, the exchange is mutual, with many students from all over the world taking classes here.

The International Student Organization is a group of both American and International students studying in Kalamazoo. These students discuss ways in which American life and culture differs from their own, and they also introduce the K college community to their ways of life, through dinners, lectures and social events.

The Economics and Business Club is a group of students who plan for a career in business. Much like other preprofessional groups, they provide experiential opportunities and preprofessional support.

The Econ and Business group held a dinner for their members to get acquainted. Danielle Carolis (right) and Nena Wendzel (lower right) talk business with other students.

The Prelaw Group holds an annual dinner for K alumni. Left, Jeff Mapes, Ghislaine Storr and Jeff Duncan listen to alumni speak about their law school experiences. Above, Merilee Valentino takes some words of advice from another alum.

The Prelaw Group holds an annual dinner for K alumni. Left, Jeff Mapes, Ghislaine Storr and Jeff Duncan listen to alumni speak about their law school experiences. Above, Merilee Valentino takes some words of advice from another alum.

Preprofessional groups have been a large part of Kalamazoo College for many years. These groups allow students to interact with other students who have similar career goals. They also allow students to gain practical experience in their field, and to interact with professionals like the ones they hope to become. Because so many professions require graduate study today, many students form these groups to help build their resumes and to have a good time.

The American Chemical Society may be best known on campus for their liquid nitrogen ice cream, a favorite campus treat. The Kalamazoo College chapter of this nationwide group gives chemistry majors an opportunity for community outreach and campus activities related to chemistry.

Jeff Fletcher helps other students with their flower chromatography projects.

Dishing out the famous ice cream.

Ian Aseltine and Daniel Huffman man the liquid nitrogen ice cream at Spring Fling.
DEBATE
about government and politics

Campus Republican President Jeff Duncan introduces speaker Dinesh D’Souza.

Left: Senior Jen Paul, junior Nick Lozen and senior Dave Porada at a Republican event.

The Republicans are known for their high-profile, and at times controversial, speakers. Above, speaker Dinesh D’Souza talks about race and politics.

PEACE
and social awareness

The Non-Violent Student Organization, or NVSO participates each year in the School of the Americas march in Georgia. This march is a high-profile protest against the School of the Americas, a United States government-run military training school. The students in this organization promote peace and nonviolent social action both on campus and off-campus.

94 Student Organizations
The Student Activities Committee's goals are to provide campus-wide, free, nonalcoholic activities to students. Each year, SAC puts on three dances, a fall festival, the talent show, and Spring Fling, in addition to other activities. In the 2001-2002 year, SAC brought a hypnotist, a game show, a number of movie nights, and exam week extravaganza.

Student Activities today vary greatly from those of 50 years ago. Here, a May Fete spring celebration from 1949. This was the precursor to today's Spring Fling activities.

White setting up stereo equipment, Karen Nave gives the thumbs up at Air Band, the student talent contest, which is sponsored by SAC.

Top right: Liz Lockhart, Stacey Lamont and Brian Newman decorate for the Homecoming Dance.
Middle left: Maggie Kilar decorates for Monte Carlo.
Middle right: Liz Lockhart enjoyed planning the spring quarter blood drive with the American Red Cross.
Bottom left: SAC member David Poytinger puts a smile on the faces of the people that donated blood for the Red Cross.
A very important aspect of life at Kalamazoo College is self expression. Whether through theater, art, music, or dance, students are encouraged to find a place for themselves within the artistic community. As with students of the past, students can enroll in music lessons, acting classes, or dance workshops. Some students complete artistic SIPs. Others spend many hours in the theater, photography lab, or dance studio. It is important that through the busy quarters, students maintain individual identities and explore themselves through mediums of artistic expression. Many believe that a balanced student is a healthy student.
The art of Theater is an important part of the K experience. Many K students choose to be involved in production, from acting to directing, sound to lighting. The Festival Playhouse’s theme this year was “Discovering identity within race, gender and community.” In addition to the Playhouse’s season, other productions took place, many as students’ SIPS or class projects.

**Seniors Liza Bielby, Ashley Jones and Jessica Hoff directed “Three Women, Three Plays” (below).**

"A Servant to Two Masters" was the spring Festival Playhouse performance. Left, Liza Bielby plays Clarice.

Below, the cast of "Sexual Perversity In Chicago," Mary-Jean Buendroff, Sara Banks, Emily Campbell, Danny Ward, Mark Piebenga and Noah Goldsmith pose for a shot in the Dungeon Theater.

The cast of The Most Massive Woman Wints, Jennie Toner, Tiffany Antor, Tessa Betts and Liz Braymen, stops for a break in the Dungeon. (below center and far right).

Nick Kessler strut his stuff, and Paul Natonek hovers over Caitlin Hart in "A Servant to Two Masters" (below). Adam Karell stands over Jessica Hoff and Liza Bielby (below left).
Monkapult, the crazy and funny improvisation group on campus, has grown into a thriving student organization and a popular performance group. This year, they used their shows to raise money for various charities in the Kalamazoo area. They also perform at a variety of Kalamazoo hot spots, including Kraftbrau Brewery.

Bill Cassidy
plays an improv game with Liza Bielby as David Dwaihy looks on (right).

David Dwaihy’s arms are controlled by the “invisible” man behind him in a classic improv game (far right).

Following the lead of her hands, Jessica Hoff justifies what they have to say (right).

The group freezes for a pose in a game they call “slide show” (far right).

Adam Karell enjoys one of the last shows of his senior year. Junior Nick Kessler also has a good time (far left).

Joe Tracz and Adam get a little crazy (left).

Paul Natonek
Jessica Hoff and Bill Cassidy get into a long form improvisation (left).

Monkapult “falls all over each other” for this skit (below).
When the chapel bells ring on Friday mornings, the change ringers are making it happen. One of the few sets of change ringing bells in the United States, the bells are named after famous people in the college's history.

The Acapellians, a newly formed campus group, puts on jazzy musical performances a few times each quarter. They also participated in Asia Fest and Burgers 'n Blues.
John Opperand Andy Brook play trombone, with Dr. Eric Barth on the sax and Aaron McLeran in the background on Trumpet (below).

Justin Pelter III plays the keys (middle left) with Jamie Harper on bar sax (middle right).

NOTES instruments, music and expertise

The Kalamazoo College Musical Groups provide creative release for both music majors and non-majors. The College has a Symphonic Band, Jazz Band, Orchestra, Chamber Choir and College Singers. Each group as a quarterly performance. Jazz Band performs at Burgers 'n Blues, a picnic on the quad in the spring. The orchestra also has members of the Kalamazoo community perform with them.

Jeff Hopeclan, Julie Paavola (left) and Kate Hagadone (right) before a band concert.
Frelon Dance Company, the largest student organization on campus, hosted its spring show, Synergy, April 18, 19, and 20. The dances, choreographed by student members, included "The Story of My Life," choreographed by and featuring Pamela Price and Adam Karell (below), "Polynesian Review," choreographed by Pamela Price (right and middle), "The Ballet Rag," choreographed by Erin Green (bottom left), and "Guantanamera," choreographed by Alexia Alexandritis (bottom center).

"The Story of My Life" (above) had a happy-ending kiss between Adam Karell and Pamela Price.

"Colliding with Potential," choreographed in the modern style by sophomore Lilly Wolff, was to the song "The Ambonean."

The Finale, dancing to "This Is How We Do It" is a Frelon Dance Company tradition (above).

"Guantanamera" was a ballet dance with a Spanish theme.

"The Story of My Life" (above) had a happy-ending kiss between Adam Karell and Pamela Price.

Wowing the crowd at the close of the show, Marla Hahn, Caitlin Hart, Ryan Anthony Hatch, Drew Engers, and Ann Rosman perform to "Pop" by N'Sync (above right).

The people have always been what makes Kalamazoo College a special place. The students, faculty, and staff all believe strongly in the virtues of a liberal arts education and work hard to make those principles a reality. And while faces come and go, the people of the school all share a common background as K students. Over the years, the clothing and hairstyles may change and we may go to class in different buildings, but the faces of students still hold the same virtues. Hope, ambition, determination, and anticipation can be seen in the eyes of students from any time period.
ON THEIR OWN AT LAST — freshmen

Below: On the Land and Sea trip, freshmen Scott Kelly, Becca Skinner, Tiffany Antor and Connor Carroll take braids and duct tape out of Rachelle Tomac’s hair.

Top right: Claire Chirot prepares to adjust the sails on the ship during Land and Sea.

Bottom: Kate Schauer and Natalie Stephens try to keep warm during a swim meet.

Below: Crissey Suite 306: Audrey Lawrence, Elizabeth Sauser-Monning, Jeannie Smith, Michelle Tomaszek, Caitlin Dunn, and Sara Stallings.

Bottom left: Rachelle Tomac enjoys the ship’s brownie mix during Land and Sea.

Bottom right: Christy Peaslee and Katie Haag play catch on the quad.

Freshman, or “freshies” as they were called, trying on their new K College caps in the bookstore in the 1960s.

Below: Kate McCracken, Meredith Lacina, and Ashleigh Loudenback are happy to be in Trowbridge.
STUCK IN THE MIDDLE —

**(sophomores)**

Top left: Dave Poytinger serenades students in the Trowbridge lounge.

Top right: Kelly Koss sneaks out of the women’s bathroom after refilling her super soaker.

Bottom left: Senior AAC Brittany Nestell, sophomore RA Evan Hetrick, sophomore RA Kelly Koss, AAC Valerie Penny, and sophomore RA Lainem Marshall pose outside Hoben.

Bottom right: Sophomore SAC members Caroline DeWitt and Emily Hamanlian help set up for Monte Carlo.

Bottom: Junior Jonathan Hughes, junior Kim Hartman, sophomore Andrew Alexander, and sophomore Jessie Griger have a special “Survivor Night” set aside especially to watch “Survivor” in their lounge. “Survivor” is a popular reality-based television show in which characters are “stranded” on an island and must work together to perform survival tasks. Those who do not work well with the group, or who are the least fit, are voted off the island. The last one on the island wins $1,000,000.
Traveling through Europe by train and staying in youth hostels became popular in the seventies for students studying abroad. Many juniors even today spend long train hours to travel during their abroad time.
SENIORS HIT THE ROAD —
—road rally

Right: Andrea Bartusi, Brittany Nestell and Kelly Jones sing at Video Hits Plus. Below, Mary Hoffmeister, Ali Scheuner, Jodi Pang and Diana Okuniewski were the tough-girl road warriors.

Middle left: Jen Mason, Blythe Webster and Lindsay Selvig display their karate moves.

Middle right: Shoa Hogan, Gwen Sika and Christina Calvogno make a human pyramid.

Bottom left: Jenny Nilson, Christine Mc Isaac and Kathryn Seidl don't know what to do with the ball!

Bottom right: "Charlie's Angels," Jeff Wolford, Danielle Cerasiti and Julie Pascuale.

SENIOR VS FACULTY —
—basketball

Top left: The Senior team; Top center: Seniors mummify classmate Jules DePorre.

Below: Mary Hoffmeister, Ali Scheurer, Jodi Pung and Diana Okuniewski were the tough-girl road warriors.

Even as far back as 1909, seniors have been tormenting the underclassman. The senior class of 1909 "kidnapped" the freshman class. In old copies of the Boiling Pot, signed by the senior class, freshmen are often portrayed as children with rosy cheeks.

Top right: President Jimmy Jones is mummified.

Middle left: Pie-eating gives Pankti Shah a messy beard.

Middle right: The Faculty team;

Bottom right: The crowd enjoys the showdown.

President Jimmy Jones is mummified.
GOOD OL’ FASHIONED FUN —

pig roast

Right: Tammy Matthews skirts easily under the limbo stick.
Far Right: Ann Palagonias and Mike Underwood get down.
Right: Limbo contest winner Chris Wilson shows off his prize.

Right: Julie Baker and Sarah Rupp look on as Mitch Blink tries to hula hoop.
Far Right: The seniors dance out in the sun at Club Soda at one of their last events.

ONE LAST HOORAH —

soiree

Left: Kirsten Fritsch and Jon Weber get low.
Far Left: Ann Rossman is all dressed up.
Middle Left: Seniors Cindy Davies, Amy Esporio, Nancy El-Shamaa and Megan Moon. Below left: Adam Nael and Mike Underwood.
Below: Senior graduation committee, the group who planned it all: Stacey Lamont, Merrill Shutts, Barb Vogelsang, Carla Kupe, Alek Korkoszka, Nisse Olsen, Mitch Blink, Kristina Shaffer, Julia Ketz, Stephanie Bonne and Brian Newman.
SENIORS SAY GOODBYE —

— graduation

Left: The Quad was crowded on graduation.
Far left: The chapel.
Below: Caps fly to celebrate the end.
Below right: New alumni stand at the end of the ceremony.

Far Left: Graduates assemble in the chapel.
Left: Kristina Shugrue, Stacey Lamont and Stephanie Bonne sport caps and gowns.

Far Left: President Jimmy Jones speaks to graduates and guests.
Left: Dr. Bob Butwell and Dr. Gary Gregg come out in full garb to recognize the graduates.

Far Left: Student speaker Mitch Blink makes students laugh with his speech.
Left: Junior Marshalls Brett Elslander and Aliza Johnston lead out the graduates.
A Tribute to Waldos...

Congratulations Seniors, You Earned It!

Kristin,

Congratulations on your achievements. We are proud of you and wish you great success in the future.

Love, Mom, Dad, and Kelly

Congratulations Joshua! We are so very proud of you! Love, Mom, Dad, Elizabeth, Nanny, Grandma

Jesus Christ is my rock. He is the light that greets me each morning when I rise. He gives my life purpose. He gives me hope. He gives me strength when I need it the most, and when times are too tough for me to bear, He carries me through. Without Him, I am nothing. Through Him, I can do all things. (Philippians 4:13).

We believe in you! We love you! Go forth and prosper! Love, Mom, Dad, and Frank

126 People
The last four years have raced by faster than we could have ever forecasted they would. Now it is time for us to spread our wings, venture head first into the world. We have made lasting friendships, numerous self-discoveries. We have essentially unearthed our own roots and are ready to branch out, ready to realize our dreams.

Left below: Maureen Kelly, Brittany Nettell, and Sara Church took the trip.
Right below: Danielle Carolls and Carla Kope smile for the camera.

CONGRATULATIONS

Adam Kress Karell

Adam, your family is very proud of everything you have accomplished at Kalamazoo College. Through hard work and determination, you have achieved your many goals in Theatre and Cross Country. Additionally, we know that your humor, your laughter, and your joy will be sorely missed on campus. You are a very special young man. Your grandfather, Duane E. Kress, a 1934 graduate of Kalamazoo College, would have been thrilled as well.
Bear-
As you said: into the wild, blue yonder of life’s journey. Know how proud we are of you and how much you’re loved.

Dear Christopher,
We are so proud of you!
Wishing you much success in your journey through life.
God Bless and much love.

Mom, Darryl and the Albury Family

David, your name is a symbol of your magnificent character, a true Renaissance man, outstanding scholar, friend to all, and soccer god. If I could change anything about you, it would be to keep you from doing what you must inevitably do change. I am confident that the future David will continue to possess the same wonderful essence of learning how to love others and himself. The world is waiting for you, let the legend continue.

Congratulations,
Your proud Dad

Dearest David —
You are my dear son and eternal “sun-shine”. God bless and guide you always.
I love you the most.
Mom

Congratulations Kristina,
Good luck with your future plans.

Love you!
Aunt Joni, Uncle Terry, Melissa and Scott
An editor has so many things to say. I have a year's worth to say to my staff, 4 years' worth to say to my classmates, and a lifetime's worth to say to the college.

The history of the college has fascinated me in my four years here. The idea for this book simmered in my head, not because I want to dwell on the past, but because I want to look to the future. It has been a turbulent four years at Kalamazoo College. We have rebounded from a change in the quarter system, mounted losses, celebrated gains, and moved forward.

While moving forward, it is important to learn from and cherish our past. I love every page of this book. The pictures from the past and the present show that we too, are part of something big. Whether or not our cynical young minds want to believe it, we are an undeniable part of something great. It is comforting to know that there is a community here that nobody can tear away from us, and four years of indelible memories. These were, after all, our college years.

I will miss the class of 2002, I hope that future classes will carry the college high on their shoulders, and cherish their time here as well. Thank you for four years, for changing me, for changing my classmates, and for a lifetime of memories.

-Stephanie Breene

To my Staff:

Clancy, my savior. This book has come together beautifully because of your efforts. I never was sure what possessed you to spend so much time on something like this, your senior year, but whatever it was, I am infinitely grateful for all your dedication. I also thank you for a friendship I didn't expect to find. Keep in touch.

John, the behind-the-scenes guy. Thanks for letting me twist your arm into all the hours messing with the computer. You didn't have to, and probably didn't want to, but thanks anyway.

Kerri, the superroommate. Thanks for all the help, the tracking down pictures, and going to random campus events. I'm grateful for your continued dedication.

Tricia, able to track down anything. Thanks for being there to find or take that picture we needed on the last day of a deadline. Your help made this book come together in ways I don't think you completely knew.

The Rolling Pot Staff, 1950, tirelessly at work.
