- SPRING ... 77
The earth turns, the seasons change, and we, moving along with the changing world, encounter new experiences, think new thoughts, live new days. Yet, we do not entirely leave the past. Yesterday is a part of today and will be a part of tomorrow.

We, the staff of the 1954 Boiling Pot, have tried to record some of the things which have taken place during the changing seasons, some of the events of your life at Kalamazoo College.

We leave to you the task of associating these events with your own experiences.
Academic activities form the basis of our life at Kalamazoo College. Here, within a small compass of space, one comes into contact with the great ideas of the ages, gains insight into the workings of the universe. At a small liberal arts college these ideas can be freely and maturely formulated in an atmosphere of informality and friendship. Excellence in the academic part of our college life is our heritage from past generations.

Religious life at Kalamazoo College centers around the bi-weekly services at Stetson Chapel, where we hear speakers of all nationalities and faiths. Supplementing the chapel services are an annual religious emphasis week and various student church groups. Here in our "fellowship in learning," each student may form and evaluate his personal philosophy through discussion with faculty and other students.
influences serve to enrich our life at Kalamazoo. Not only do we have pleasant surroundings in which to carry on our academic endeavors, but also a variety of locations where we may participate in outdoor activities: skating and tobogganing at Echo Valley, picnicking at Gull Lake or Milham Park, swimming at many of the lakes. We also may enjoy the Kalamazoo Symphony, the Civic Theater, the Community Concert series. All these combine to give us a multiplicity of activities.

SOCIAL

activities at Kalamazoo College are many and varied, ranging from a Tuesday afternoon coffee hour to a formal dinner-dance. Campus organizations and the four classes sponsor various social affairs throughout the year. The six societies contribute considerably to the social atmosphere.

The 1953 Football season was for the worst part a sad story of defeat. The factors of ineligibility, the draft and inexperience hurt the gridders consistently and the net result was a 1-7 season record.

New head coach Rolla Anderson and assistant Joe Bogart installed the single wing for the first time in many years at Kalamazoo. The Hornets outgained the opponents in total yardage but were stymied inside the ten-yard line many times when victory seemed imminent.

In the first game of the year against perennially strong Wheaton College, the skies loosed a torrent of rain and the contest became a mud bath for the players. Kalamazoo's inexperience showed greatly as contrasted with Wheaton's powerhouse, and the Hornets dropped their worst defeat of the season, 33-0.

The team opened their home season against North Central College of Naperville, Illinois. Everyone did their best for the benefit of the local crowd and won 34-6.

The first conference tilt, at Albion, was one of those where the team with the breaks wins. The Britons got the breaks and the game 39-13. At halftime, Al Patzer received his draft notice and was lost for the rest of the season. His loss was greatly felt throughout the remainder of the schedule.

Then came the heartbreakers. Adrian won their homecoming contest with the Hornets as the opposition, 21-19, in a battle where the Hornets were stopped on the 2 yard line in the last half minute of play after marching the length of the field. Alma came to town for the Kalamazoo Homecoming Football Game and held the Hornets in check to post a 13-0 decision. Olivet, one of the weakest in the M.I.A.A., found the Hornets on one of their weaker nights and left Angell Field with a very surprising 26-13 victory. Then Kazoo went to Holland to meet Hope who needed only one more win to clinch the M.I.A.A. championship, and the Hornets narrowly missed pulling the upset of the year, but finally fell to the Dutch by a 12-7 margin. The final game of the season was a contest between the "flying T" formation employed by Hillsdale against the "K" formation, a variation of the short punt formation used by the Hornets. The "flying T" came out on the long end of a 13-6 score.

Thus went football. But, although the record was poor, this does not tell the complete story. Although outmaneuvered, the Hornets tried hard and deserve credit for effort. Seniors who will be sorely missed include Roy Stricker, Les Greene, Bob Miyagawa, and Vern Mario. However, looking to the future, things are brighter. Many promising freshmen were on this year's squad, and with a year's experience with the single wing, hopes are high for a successful season next year.
Student-Faculty Council

The Student-Faculty Council is in a unique position. It is the most important organization of Kalamazoo College, yet it cannot make or enforce laws of any kind. It serves only in an advisory position. But this position is an extremely important one, for the Council is the sole representative group acting in close relationship with the student body, the faculty, and the administrative divisions of the college. Members of the Council include the Student Senate representatives of the four classes, four faculty members, the president of the college, the president of the student body, the dean of men, and the dean of women. Serving in an ex-officio capacity are the editor of the Index, the editor of the Boiling Pot, and the director of WJMD.

However, an advisory committee can do more than meet for refreshments and pleasant talk once a month. It can be an extremely active, helpful organization, as the Student-Faculty Council has proved this past year.

The Student-Faculty Council has discussed many campus problems this past year. In all its meetings it has proved again and again that when students, faculty, and administration meet face to face and discuss mutual problems, relations between the various groups can't help but improve and a better college result.

The Hornets opened up their 1953-54 season against the University of Detroit. Detroit swamped the Hornets by a score of 98-58. Manny Glasser dropped 22 points for the losers.

The next game found the Hornets at the gym of the Hope Dutchmen. Hope was ready for this game and they gave the Hornets a 114-95 defeat. Although the Hornets were defeated they looked very good and a promise for a good season was in sight. Manny Glasser and John Gideon were high for the Hornets with 29 points each.

On December 9 the Adrian Bulldogs traveled to Kazoo for an MIAA contest. The Hornets won this game by a landslide, drubbing the helpless Bulldogs 86-68. Manny Glasser broke an MIAA scoring record by dropping in 42 points. After Christmas vacation the Hornets swung back into the MIAA contest when they entertained the Calvin Knights. The Hornets gave the highly rated Knights a real battle but had to settle for the short end of a 62-59 score.

On January 2 the靠近 Bulldogs traveled to Kazoo for another MIAA contest. The Hornets won this game with a title winning attitude by a score of 94-61. The next game was against the MIAA leader - Calvin. The boys from Kazoo were really up for this contest and played their best game of the year but came out on the short end of the score. Manny Glasser played his first game since Christmas vacation, sharing high point honors with Garry Morrison. The Hornets lost another step in the fight for fourth place in the MIAA standings when they traveled to Adrian. After this loss the Hornets scored an 86-64 victory at the expense of Hillsdale.

Kazoo finished its basketball season with losses at Albion and Alma. Albion won a hard fought game by the score of 73-62, winning the game in the last quarter.

The Hornets' season ended in a second place finish in the MIAA standings.
Thanksgiving Day 1954... the dinner was wonderful, turkey, cranberries, and all the stuffing... we even had a cranberry sauce... after dinner, even though it was rather early, we sang Christmas Carols in the lounge...

We got together toboggans and sleds and spent the afternoon out in the snow... somebody made hot chocolate and Harmon Lounge... made a wonderful place for roasting marshmallows... we danced and played cards till dinner...

The day ended with a tired but happy group who celebrated Thanksgiving in their home away from home.

SPRING...

Cross Country

After a year's layoff, Kalamazoo College participated in a full schedule of MIAA cross-country competition. Led by the fine running of Jim LeRoy and Dale Wilkins, the Hornet harriers placed sixth in League competition. However, it must be borne in mind that the team was composed of six men, five of whom were freshmen, the other being a junior, Tim Lemon, the only upperclassman of the squad.

Two of the freshmen, Don Garwood and Fred Cassel, had never run in competition previous to this season. All five freshmen had never run the four mile distance before. Jim LeRoy was Kalamazoo's number one runner. Jim placed high consistently throughout the season. Dale Wilkins, Kalamazoo's number two man, pushed Jim in the battle for the first position all season long. Tim Lemon, the lone upperclassman, consistently supported Jim and Dale as third man. Bob Gallagher and Don Garwood jockeyed for fourth and fifth spot, while Fred Cassel was the sixth runner.

K-College was fortunate in having not one, but two, of the finest courses in the MIAA. The "old" course is extremely varied. The harriers must run over cinders, black top, gravel, concrete, and sand, along roads and through woods. The Angell course, around Angell Field, is made up of hills, hills, and more hills. The course is mostly sand bridal paths, with a few pastures and roads thrown in. This course starts and finishes on Angell Field.

Highlights from the '53 season were Jim LaRoy's fine running, on a sore ankle and an unfamiliar course, in the MIAA League Meet at Olivet to place fifteenth. Dale Wilkins literally running away with the Homecoming meet against Alma on the Angell course. Don Garwood's steady improvement as the season progressed, and the awarding of varsity letters to Jim LaRoy, Dale Wilkins, and Tim Lemon.

The outlook for next year - The Hornets will be drawing a bead on the top half of the MIAA in 1954. The team gained valuable depth and experience this year and improved steadily throughout the season.

Another successful tennis season seems to be in store for Kalamazoo College in 1954. The Hornets have a great past to live up to. Kalamazoo has been the resting place for MIAA trophies every year in which there have been presentations since 1932. And in this period of time, the Orange and Black nellers have not lost a single conference dual match. With the coming of the new season, the Hornets are again on top. They are heavy favorites to continue in their winning ways and add another year's victories and championships to the string of accomplishments. Under the guidance of Dr. Allen B. Stowe, tennis coach for the past 25 seasons, the Hornets will field a team that should prove to be one of the strongest college aggregations in the midwest, regardless of size.

The leadership of the team for 1954 will be in the hands of co-captains Manny Glasser and Bob Casler, last season's MIAA conference singles and doubles champions. Other members vying for coveted spots on the team will be Tom Smith, Tom Wylie, Jose Armand, runnerup in the MIAA singles and the other half of the MIAA championship doubles duo with Casler, and Dean Pinchoff, lone freshman on the team, who, as a senior at Monroe last year, won the Michigan High School Class A championship.

The highlight of the spring for the tennis team comes early in the season when the squad takes a swing through the southland during spring vacation, meeting a number of the top teams the south has to offer. This year's trip, possibly the toughest undertaken by any team in the country, has nine matches, eight duals and one triangular, scheduled to be played within eleven days. One of the high points of the trip is the match with North Carolina, which was rated third in the U.S.A. college ranks last year, and is expected to be ranked high in the standing this year. Another is the match with Cincinnati, where the number one Hoosier will meet Tony Trabert, lately rated by the experts as the number one amateur tennis player in the world. Although many top teams are not on the southern tour they have to be placed high in the standings, this factor of depth may prove to be very important to the Hornets in some of their closer matches and could mean the difference between a victory or a defeat.

Not only does the season look bright for 1954, but also for the future. Glasser is the only senior, while Casler, Smith, and Wylie are juniors. Armand, Fowler, LaScala, and Moran are sophomores, and Pinchoff a freshman.
International Relations Club

Officers for the International Relations Club this year were Charles Goodsell, president; Betty Brenner, vice-president; Janet Osborn, secretary; and Louis Brakeman, treasurer. With Mrs. Helen Mills as advisor of the Club, several speakers were brought in for meetings throughout the year. However, the main project for the year was the sponsoring of the Model United Nations General Assembly on May 1.

With more than 100 high school, college, and graduate students from within a 100-mile radius of the campus participating with students from Kalamazoo College, one day was devoted to duplicating a day in the United Nations General Assembly. Delegations from as many member nations as possible were formed and represented in the Model Assembly, and three international questions of importance were discussed. These were: admittance of Red China, adoption of the Covenant of Human Rights, and settlement of the Trieste dispute. The First Plenary Session was held in the morning of May 1 in Tredway Gymnasium, committee meetings were held in the afternoon, and the Second Plenary Session was held that night.

United Nations Convention

The keynote address for the Assembly was delivered by Mr. Arnold van Doorn, a versatile and distinguished Dutch journalist, war correspondent in two world wars and long-time observer of the "in between" and post-war diplomatic dramas. His topic was "Can the United Nations Survive?"

The secretariat formed for the Model Assembly was headed by Charles Goodsell as Secretary-General, with Isabelle Johnston and Sally Smith as his administrative assistants, in the office of Secretary-General.

Deputy Secretary-General was Brakeman, with Janet Osborn director of the Communications Division; Alice Dill, Credentials; Tim Lemon, Rules and Procedure; and Bill Rogers, the Resolutions Division. These divisions came under the Department of Assembly and General Services.

In the Department of Political and Administrative Services Herb Grench was Assistant Secretary-General, while Dick Crawford was head of the Bureau of Administration; Pete LeCompte, Management Services; and Marilyn Everett, Documents Division. Shirley Lostulaer was Assistant Secretary-General in the Department of Public Information.

The advisors for the Model Assembly were Mrs. Mills, Dr. Wen Chao Chen, and Mr. Elton Ham.
The Women's Recreation Association is an organization which provides recreation for all women students. Its objectives are fun, an outlet for expression, an opportunity for being acquainted with other women on campus, and development of an active interest in women's sports.

This past year the program was under the guidance of Miss Ada Loveless who came to us as the new Women's Physical Education Director in the fall of 1953.

The sports were put on a competitive team basis and Trowbridge was divided into five equal teams with the town students playing on one of the dorm teams.

The competitive season began in the fall with a successful mock track meet and picnic at Angell Field. Tournaments in speedball and tennis singles were also held during the fall. In the winter, competition was held in basketball, volleyball, table tennis, badminton, and swimming. During the spring, soccer, tennis doubles, and archery tournaments were held.

The entire year's program is climaxed with a W.R.A. banquet at which time the individual and team awards are presented.

SERVISET... the colorful, convenient and economical new way of setting a smart table

Try SERVISET. You’ll like it... no dishes to wash... or linens to launder... or worry over possible damage to china or linens. Best of all, it’s so very inexpensive.

You can buy SERVISET in simple matching groups or singly, in twelve designs. Consists of “Handi-Handle”® cups, plates, matching napkins, and tablecover — plus plastic spoons and forks, if desired... at your favorite store... or write for name of nearest dealer.

NO DISHES TO WASH

who have found an attractive, rewarding career at the telephone company. Each year about this time, Michigan Bell opens wide its doors to many young college men and women interested in a worthwhile career. It takes good people to provide good telephone service, and they are constantly moving ahead, finding new ways for even faster, better means of communication. From college to career is an easy natural step when that career is with the telephone company. We’ll be glad to discuss opportunities with you at any time.

Good Luck GRADUATES!

Today the goal you aimed for more than a decade ago is at hand. For most of you this is a fitting climax to years of study and hard work—graduation. Some of you may choose to continue your formal education, others will go into industry or the business and professional world. But wherever you go and whatever you do, the experience you have had, the knowledge and understanding you have acquired, and the principles you have lived by during the past four years, applied to your new endeavor, will make your life richer and fuller.

Louise Biljum, MANAGER
459 West Michigan Avenue Kalamazoo, Michigan

Acknowledgments

The editor wishes to express her appreciation and gratitude to all those who helped to make this book possible: the staff; Dr. Walter Waring, faculty advisor; Mrs. Louise Belgum of Varden Studio, for photography; Mr. W. Edwards of Edwards Brothers, Inc.; Mr. Edward Rose of S. K. Smith Cover Company; Miss Marilyn Horle of the Public Relations; and the many others who, in many small ways helped us immensely.
