Yes No

On Sunday, August 15, 1982, at 7:00 p.m. in the President's Lounge, the Black Student Organization will present the first of hopefully a series of talks on discrimination. The event, a roundtable discussion on racism, has grown out of rising concern over the question of race and prejudice here at Kalamazoo College. It is time to address the issue and establish a line of communication, as it involves us all. We strongly urge your support, attendance, and participation in this endeavor.
