

## Clark Mell Eichelberger

Mr. President, I have the honor to present, as a candidate for an honorary degree, Clark Mell Eichelberger, patriot, man of peace, and promoter of international cooperation.

Mr. Eichelberger attended Northwestern University and the University of Chicago and completed his education by rubbing shoulders with the common man on the streets and with statesmen in halls of fame. The authority and clarity demonstrated in his writings testify to his scholarly attainment.

A man quick to rise in defense of his country and principle, he has devoted most of his adult years to the cause of international cooperation. As the Director of the League of Nations Association he championed its cause. As Consultant to the State Department he played a major role in the drafting of the United Nations Charter. Using "The U.N. Is My Beat" as his banner, Mr. Eichelberger, as Executive Director of the American Association for the United Nations, has been instrumental in building up popular support for that organization. His ideas and ideals, his courage and vision, and his faith in man's ability to build a better world give meaning to Kalamazoo College's "The World Is Our Campus" concept.

On behalf of the Faculty, Mr. President, I recommend that upon Clark Mell Eichelberger be conferred the degree Doctor of Laws.
