Scholarship Day

Loren Corey Eiseley

Mr. President, I have the honor to present as a candidate for an honorary degree Loren Corey Eiseley, versatile, humane, scientific scholar, a man truly personifying liberal education, espoused by many, attained by few. With the clarity of the scientist, the sensitivity of the poet, and the reflectiveness of the sage, he has stood among us as teacher, writer, professional anthropologist, and administrator. His ability to make us conscious of our past, alive to the present, and eager for the future, is admired by a host of his fellow men. They read what he writes and listen to what he says, that knowledge may grow, vision expand, and the magnificence of the human condition find indelible expression. Therefore, on behalf of the Faculty of Kalamazoo College, I recommend that upon Loren Corey Eiseley be conferred the honorary degree, Doctor of Humane Letters.
