For the Class of 2014

Letter from the Editor

To the Class of 2014,

OrangeZest was created in 2009 as a new version of a traditional yearbook. This year’s book captures only the class of 2014 over a four-year span—from first year orientation (What is this 30/30 thing?!) to the final moments of Senior year (Did they really throw three cocktail parties for us?!).

The book is a collaboration between the College’s offices of Alumni Relations and College Communication, and the pages within contain photographs submitted by more than seventy classmates and student or staff photographers.

In the four years since we left our high schools in different corners of the globe, we have changed this campus in many ways. We built composting systems, sparked (sometimes heated) conversations about on-campus events and other passions, and volunteered, not only within our Kalamazoo community, but during our ICRPs abroad and in our hometowns.

I hope that (in the years to come) this book will remind you of times at K when you were happy, challenged, stressed, thrilled, in love, frustrated, silly, confused, and loved.

“It is our choices, Harry, that show what we truly are, far more than our abilities.”
-- Dumbledore

I truly wish you all the best. Go forward.

On this site stood Stax Records, Inc., which boasted such stars as Otis Redding, Rufus and Carla Thomas, Isaac Hayes, the Staple Singers, Albert King, the Bar-Kays, and many others. It relied upon its deep soul roots to carry it through, struggling from a backstreet garage in 1957 to become a multi-million dollar organization.
