Special Thanks To...

Lisa Darling, Lynnette Pryor, and Craig Simpson: Without your combined efforts offering assistance and guidance during the creation of this book, it would not exist. Thank you for the opportunity to create this memory book.

Emily Finch: The process of creating this book would have been much rougher if not for your advice and support, not to mention the work you did collecting pictures and collecting information.

Hannah Kim: This book would not be the same without the diligent work of my fellow student worker. A hearty thanks for her patience, perseverance, kindness, and organization throughout the identification process.

The Office of Alumni Relations: Thank you for your commitment to the Kalamazoo College class of 2007, and your efforts in creating a meaningful book in order to preserve our years at K.

Karman Kent: The pictures you submitted and labelled with student names helped bring life to this book, thanks!

Steve Wideen in Sports and Jory Horner in LandSea: Thank you for your time and patience providing me with rosters and photographs of my peers and making the content of this book accessible.

Kalamazoo College Class of 2007: Thank you!
