

H.Y.P.E: Helping Youth through Personal Empowerment

Established in 2004-2005, H.Y.P.E. strives to create authentic, reciprocal relationships and facilitate dialogue between youth and Kalamazoo College students. We design workshops to empower youth with knowledge and resources to be successful when they leave the Juvenile Home.

K College participants reflect on issues of social justice within the criminal justice system such as the school-to-prison pipeline.

Frequency: H.Y.P.E. takes place one evening a week

Community Partner: Kalamazoo County Juvenile Home
