Who's New at Kalamazoo 1993-94
Welcome Class of 1997

To the Members of the Class of 1997:

Welcome to Kalamazoo College!

I'm sure you are aware that you have chosen a college with a long history of excellence, and that you can expect to have a very natural, initial sense of strangeness or uncertainty as you become a part of the institution. Let me assure you that you will find an outstanding teaching faculty composed of scholars who will stretch you intellectually and care about you personally. You will find an academic program that prepares you for an exciting life of the mind, a productive career, service to humankind, and the sheer enjoyment of living. You will find unique educational opportunities to study abroad, to conduct independent research, and to bump up against people who will challenge all forms of provincialism as well as ideas which will challenge all forms of dogmatism. And you will find a learning and living community that values personal initiative and involvement.

Please do become involved in the life of Kalamazoo College. Be part of a theatrical production or musical ensemble. Compete in intercollegiate or intramural athletics. Serve on Student Commission. Become active in one or more of the student organizations. Volunteer in the community. Accept responsibility for yourself and for others. And, of course, have fun.

You can find success at Kalamazoo College. If we had doubts about that, then you would not have been invited into this very special community.

Welcome to "K". And may your expectations find fulfillment here.

Sincerely,

[Signature]

Lawrence D. Bryan
President
President's Advisory Council Members

Dr. Jacob C. Baas
Vice President for Planning and Development

Dr. Richard Cook
Provost

A message from Student Commission Presidents
Jason Baker and Jessica McNeece

To prepare you for the next four years of your life, we are giving you a list of the

Top 10 experiences you will find at “K”:

10. Squirrels— they own the quad and don’t forget it.
9. The many uses of a disk (frisbee).
8. Mail (that is, your lack of).
7. Sleep deprivation for the next four years.
6. Health Center’s cure: Get more sleep.
5. Intense roommate “discussions.”
4. The first time you...
3. Very, very, very good food (yeah, sure).
2. Streaking!
1. Open for debate.

“K” gives you the opportunity to do things both socially and educationally that you
may never have had the opportunity to do before. Whether it be an organized
school activity or just doing things with your friends, don’t let a new experience
pass you by. Your education comes from more than just a text book.

Jason Baker
President, Summer/Fall

Jessica McNeece
President, Winter/Spring
