WIFE OF "V" WORKER VICTIM OF "SNUFF"

Mrs. Lester A. Drennan, wife of a "V" worker who was killed in Grand Rapids, December 29, has been notified that her husband is dead. The body is at Grand Rapids, probably 250 miles away. 

The notification was made to the U.S. War Department last week, but no word has been received from that office. 

Mrs. Drennan is a very considerable distance from her husband's place of residence. She was married at the time of his military induction, and her husband was called into service by the War Department. 

When he left the home only a few weeks ago, she had high hopes for the future, and was not prepared to lose him so soon. 

She is quite young, and is left with a large family of children. 

The notification was made to her by a messenger from the U.S. War Department.

NEVERWET SQUAD CLEANLY

Woman's work is a spin-off from the civilian world, and is regarded by many people as a menial task. However, never have the women of Kalamazoo been more alert and energetic in their efforts to keep the college clean. The new cleaning system, which was adopted at the beginning of the term, has been a great success. 

The women are divided into groups, each group responsible for a certain area of the college. This system has made it possible for the women to work more efficiently and effectively. 

The women are also being paid for their work, which has added to their incentive. 

The cleaning system has been a great success, and the college is looking forward to continued cooperation from the women in maintaining a clean and attractive campus.

INDEX SUBSCRIPTIONS DUE

The index subscriptions of those who paid for the index many years ago are now due. The index subscription is $1.00 a year. 

The index subscription is necessary for the proper operation of the college. It helps to defray the cost of printing and distributing the index, and is essential for the maintenance of the college. 

The subscription may be sent to the treasurer or to any of the officers of the college.

COLLEGE TRAINING CAMP BECOMES THING OF THE PAST

College training camps were a common feature of college life in the past, but are now a thing of the past. The college training camps were established during World War II to prepare students for military service. 

The college training camps were a way for students to stay in college while also preparing for military service. The college training camps were a way for students to stay in college while also preparing for military service.

LETTER FROM DR. BALCH

To: Dear Friends

I believe you will all be a happy lot of folks for the holidays just past.

I have had an opportunity to talk with a great many of our presidents and governors, and I believe they are all satisfied with the work we are doing. They have all been very kind and ready to help us in any way they can. I also wish to take this opportunity to thank all of you who have been so kind and helpful in the past.

We are still facing many problems, but I am hopeful that we will be able to overcome them all. The work we are doing is of the utmost importance, and I believe that we will be able to make a great deal of progress in the years to come.

Thank you for your support and your kind words. I look forward to seeing you all in the future.

Yours sincerely,

Dr. John D. Balch
