KALAMAZOO COLLEGE
OFFICE OF PRESIDENT
KALAMAZOO, MICH.

Dear Friend:-

Enclosed you will find a condensed statement of the regulations issued by the War Department concerning military instruction and training at Kalamazoo College during the coming year. You ought to do these things:

1. Read very carefully this statement and be sure you understand it.
2. Have your parents read and understand the statement.
3. Note that this opportunity puts you in line for an officer's commission.
4. Have a physical examination by some competent physician and get a certificate from him.
5. Do NOT enlist until you come to Kalamazoo College.
6. Get a certificate from your pastor or superintendent or other prominent citizen that you are trustworthy and of good moral character.
7. Sign AT ONCE the enclosed blank and return it with the two certificates.

Do not come to Kalamazoo College unless you are ready to do the hardest work of your life.

Better act IMMEDIATELY. Not every young man will be admitted. Remember that by coming to Kalamazoo College this fall you are doing just what the War Department wants you to do to "win the war."

May I not hear from you by the next mail?

Very truly yours,
