EXPERIMENTAL FILMMAKER GUNVOR NELSON TO VISIT CAMPUS

Experimental filmmaker Gunvor Nelson will be in residence at the College from March 3 to 6.

The Swedish-born Nelson has been making films since 1965. Her first film, "Schmeerguntz," a satire on the media image of women, was selected for the film collection at the Chicago Art Institute and accepted for screening with the Ann Arbor Film Festival and the International Women's Festivals. One of her most popular films, "Take-Off," concerns the ultimate strip tease. "Trollstenen," Nelson's first feature-length film, is a portrait of her family.

Screenings of the Gunvor Nelson films will be held in Dalton Theatre before and during her visit. Information on screening times is available from the Fine Arts Office.

In addition, Nelson will discuss her 1979 film, "Before Need," at 8 p.m. on Thursday, March 4 in the Olmsted Room.

Nelson's residency has been made possible through the Dalton Program Enrichment Endowment Fund.

1981 ANNUAL FUND GOES OVER THE TOP

The 1981 Annual Fund exceeded its goal of \$900,000 by more than \$26,000. The drive, which ended December 31, netted a 26 percent increase over 1980 gifts. There were 17 percent more donors.

The Fund was boosted further by more than \$58,000 in matching funds, earned through a challenge grant from the Chicago-based Joyce Foundation. The Joyce Foundation provides funding for a variety of Midwestern programs and organizations, particularly those of educational or cultural significance.

In fulfilling the challenge grant requirements, the College attracted 785 gifts from alumni who had not contributed the previous year, obtained increased gifts from 717 alumni and recruited 32 new members of the Founders' Society. Founders are donors who contribute \$1,000 or more to the Annual Fund during a calendar year.

The campaign was led by Volunteer Chairperson Dr. Hugh V. Anderson, alumnus and member of the College's Board of Trustees.
